Columbia University in the City of New York

GENERAL STATEMENT

HISTORICAL

On October 31, 1754, Letters Patent were issued incorporating The Governors of the College of the Province of New York in the City of New York in America and providing for the establishment of a college to be known as King's College "for the Instruction and Education of Youth in the Learned Languages and in the Liberal Arts and Sciences." The conclusion of the Announcement issued in the same year reads: "A serious, virtuous, and industrious Course of Life being first provided for, it is further the Design of this College to instruct and perfect the Youth in the Learned Languages, and in the Art of Reasoning exactly, of Writing correctly, and Speaking eloquently; and in the Arts of Numbering and Measuring, of Surveying and Navigation, of Geography and History, of Husbandry, Commerce, and Government and in the Knowledge of all Nature in the Heavens above us, and in the Air, Water, and Earth around us, and the various Kinds of Meteors, Stones, Mines, and Minerals, Plants and Animals, and of every Thing useful for the Comfort, the Convenience, and Elegance of Life, in the chief Manufactures relating to any of these things: And finally, to lead them from the Study of Nature, to the Knowledge of themselves, and of the God of Nature, and their Duty to Him, themselves, and one another; and every Thing that can contribute to their true Happiness, both here and hereafter." The educational work of the College was at once begun under the presidency of Dr. Samuel Johnson with a class of eight students and the first Commencement was held on June 21, 1758. The first college building, erected on a portion of the "King's Farm," at what is now the corner of Park Place and Church Street, was completed in 1760. The Revolutionary War, during which this building was taken for military purposes, compelled a suspension of activities. King's College numbers among its students and graduates Alexander Hamilton, John Jay, Robert R. Livingston, Gouverneur Morris, and John Stevens.

In 1784, the Legislature of the State of New York passed an act incorporating the "Regents of the University of the State of New York," vesting the property of King's College in the Regents, and changing the name of the College to Columbia College. In 1787, this act was repealed, and an act was passed, confirming the Royal Charter of 1754, and vesting the property and franchises of King's College in "The Trustees of Columbia College in the City of New York."

In 1810, the charter was again amended in certain particulars at the request of the Trustees, and reënacted, but the corporate title remained the same until 1912 when by order of the Supreme Court of the State of New York, it was changed to "The Trustees of Columbia University in the City of New York." In 1897, the University removed from 49th Street and Madison Avenue, where it had been situated since 1857, to its present location on Morningside Heights.

A GUIDE TO COLUMBIA UNIVERSITY

A description of the grounds and buildings of the University will be found in *A Guide to Columbia University*, which is published by Columbia University Press, 709 Journalism, at $1.25 in cloth and $.50 in paper. The book also contains an account of the University's history and traditions.

ORGANIZATION

The title to all corporate property is vested in a board of twenty-four Trustees whose term of office is for life, and who form a self-perpetuating body, exercising the power of appointment as to all officers of instruction and administration and general oversight and control of the affairs of the University. In 1909 provision was made for the nomination by the alumni of six of the twenty-four Trustees.

The duties of the President of the University and other administration officers, the composition and functions of the University Council, and the organization and jurisdiction of the faculties, are defined by the Statutes of the University, Chapters I, II, III, V (see page 258).

SCHOOLS AND COLLEGES

The schools and colleges composing the University are as follows: Columbia College, the Schools of Law, Medicine, and Engineering, the Graduate Faculties of Political Science, Philosophy, and Pure Science, Barnard College, Teachers College (including New College), the School of Architecture, the College of Pharmacy, the Schools of Journalism, Business, Dental and Oral Surgery, Library Service, Bard College, Institute of International Affairs, New York Post-Graduate Medical School, Union Theological Seminary, University Extension, and Summer Session. The organization is set forth in the University Statutes, Chapters IX–XXVIII, XXXI, and XXXII. The faculties are listed in the school statements (see Index) with general summary of the curricula. For details consult the Announcements of the separate schools.

DEPARTMENTS AND DIVISIONS

The several departments of study maintained by the University are grouped for administrative purposes in Divisions. See Chapter IV of the University Statutes.

GENERAL REGULATIONS

STUDENTS

A student who has fulfilled the preliminary qualifications for candidacy for a degree, certificate, or diploma in regular course is enrolled as a matriculated student of the University. Acceptance is based on grounds of character and health as well as on the fulfillment of academic requirements. A period of regular attendance upon all stated academic exercises amounting to at least one academic year must be completed by every candidate for a degree.

Students prevented by conscientious scruples from complying with academic requirements which may be fulfilled only upon days set apart by their church for religious observance should make application to the appropriate authority for equitable relief.

In exceptional circumstances a student not enrolled as a matriculated student may be admitted to the University as a nonmatriculated student with permission to attend such courses of instruction as he is qualified to take but not as a candidate for a degree, certificate, or diploma in regular course. Nonmatriculated students are expected to conform to the same standards of attendance and scholarship as are required of matriculated students. Nonmatriculated students may receive formal statement of the satisfactory completion of any course.

ACADEMIC DISCIPLINE

The continuance of each student upon the rolls of the University, the receipt by him of academic credits, his graduation, and the conferring of any degree or the granting of any certificate are strictly subject to the disciplinary powers of the University, which is free to cancel his registration at any time on any grounds which it deems advisable. The disciplinary authority of the University is vested in the President in such cases as he deems proper, and subject to the reserve powers of the President, in the Dean of each Faculty and the Director of the work of each Administrative Board.

REGISTRATION

Before attending University courses each student must present himself at the office of the Registrar, and file a registration blank giving such information as may be required for the University records together with a statement of the courses he is authorized to pursue. The central office of the Registrar, 315 University Hall, and the offices at Barnard College, at Teachers College, at the College of Physicians and Surgeons, at the College of Pharmacy, at the School of Dental and Oral Surgery, and at Bard College are open for registration on the dates for registration given in the Academic Calendar (page 384). Registration at a later date is permitted only with the written consent of the Dean or Director, satisfactory cause for the delay having been shown. Students registering late are held accountable for absences thus incurred.

Students holding fellowships or scholarships are required to register not later than the date specified in the Academic Calendar; failure to do so may be considered as vacating the fellowship or scholarship.

GRADUATION

Diplomas are issued at Commencement, in October and February (in the case of the Master of Arts degree at Commencement, in December and February, or, in the case of the degrees of Doctor of Philosophy, Doctor of Medical Science, Doctor of the Science of Law, and Doctor of Education, upon completion of the requirements; also in August for the degree of Doctor of Dental Surgery and the degree of Bachelor of Science in optometry).

An application for a degree or certificate other than the degrees of Doctor of Philosophy, Doctor of Medical Science, Doctor of the Science of Law, and Doctor of Education terminates at the next regular time for the issuance of diplomas subsequent to the date of filing; but under conditions prescribed by the respective faculties it may be subject to renewal for a fee of $1.00 each time that a candidate chooses to come up for consideration, within a period not to exceed three years. Thereafter with the filing of a second application the regular fee is again payable—$20 in the case of a degree and $10 in the case of a certificate. Dates for the filing of applications are given in the Academic Calendar.

WITHDRAWAL

An honorable discharge will always be granted to any student in good academic standing, and not subject to discipline, who may desire to withdraw from the University; but no student under the age of twenty-one years shall be entitled to a discharge without the assent of his parent or guardian furnished in writing to the proper Dean or Director. Students withdrawing are required to notify the Registrar immediately.

The Dean of the school or faculty concerned, may, for reasons of weight, grant a leave of absence to a student in good standing.

The University Statutes provide that the tuition fees, the University fee, and laboratory deposits are payable semiannually in advance. No reduction is made for late registration. Registration will not be completed until such fees are paid. Checks should be drawn to the order of Columbia University and presented in person or mailed to the office of the Bursar. Payment of fees after the last day of registration (see Academic Calendar) imposes automatically the statutory charge of $6.00 for this privilege. ADMINISTRATIVE PROCEDURE

Late Registration. For the ultimate date for the completion of registration without the payment of the additional fee, see the Academic Calendar.

Late Application. For the ultimate date for filing an application for admission, a deficiency or a special examination, or for a degree without the payment of the additional fee, see the Academic Calendar.

Deficiency and Special Examination. An examination to remove a deficiency in course or in entrance requirements, or an examination at an unusual time, involves the payment of a fee.

Rebate. When a rebate is allowed for the discontinuance of courses or withdrawal from the University, such rebate will be reckoned from the day upon which the Registrar receives notice from the student.

Summer Courses in Surveying, Mining, and Geology. The tuition fee for required summer work in surveying is included in the yearly tuition fee for the following year for all regular students in the School of Engineering. Before reporting to the Camp, however, such students make an advance payment of $50 for tuition to the Bursar and must present the receipt for same to the Director at the Camp. This payment is credited to the tuition payment for the following year, but, should a student fail to return to the University, remains as a payment for camp tuition. The fees for special students are estimated on the basis of $12.50 per point.

DEPOSITS

Summer Courses in Surveying. Every student before starting for Camp Columbia, and at the same time the fees for the Summer Session in surveying are paid, is required to make a deposit at the Bursar's office at Columbia University to meet camp expenses, viz., board, laundry, charges for drawing material, notebooks, etc.; also to cover any damage to, breakage, or loss of instruments or camp equipment, and transportation of self or baggage from the station to and from the Camp. The Bursar's receipt for said deposit must be presented by the student to the professor in charge of the Camp upon his arrival.

The amount of the deposit varies with the course or the number of courses taken and is as specified below. Students intending to take two or more courses will deposit an amount equal to the sum total of the deposits herein specified for the respective courses. A check for the balance of the deposit which remains to the credit of the student after his withdrawal from the session will be given to him payable upon application to the Bursar of Columbia University. In case the total charges exceed the deposit the student will be subject to an additional assessment.

The deposit for *Astronomy s107* is $30; for *Civil Engineering 2S,* $30; for *Civil Engineering 3S,* $75; for *Civil Engineering 5S,* $75; for *Civil Engineering 7S,* $15; and for *Civil Engineering 9S,* $30. The deposit for any one survey of *Civil Engineering 3S* or *Civil Engineering 5S* is $15.

Apparatus, Supplies, and Keys to Desks and Lockers. A deposit for the use of lockers, keys, apparatus, material, and the like, is required of students in certain schools and courses. At the end of the academic year each student will be credited with those articles which he returns in good order and the value of those he has injured or broken will be deducted from his deposit. Details may be obtained from the Bursar.

SAFEKEEPING OF STUDENTS' FUNDS

For the convenience and protection of students while in residence at the University, the Bursar is prepared to receive funds for safekeeping, subject to the printed regulations, copies of which may be obtained at his office upon request. There is no charge for this service.

Personal checks will not be cashed by the University or credit allowed until the money has actually been received from the bank on which the check is drawn. However, checks, drafts, and money orders may be deposited for collection. Students should provide themselves with travelers' checks to cover their immediate expenses.

GENERAL INFORMATION

EMPLOYMENT FOR STUDENTS AND GRADUATE PLACEMENT

The Appointments Office, located in Alumni House, is the central placement department of the University through which men and women students and graduates are referred to suitable positions during their attendance at the University and after graduation. A booklet describing the facilities of the Appointments Office and the more general types of employment opportunities available will be mailed upon request. Communications should be addressed to the Secretary of Appointments, Alumni House.

In the field of part-time work the Appointments Office endeavors to secure for competent students who need employment to help finance their courses, the opportunity to earn part of their expenses. Students with qualifications to meet various requirements of employers are placed, during the academic year and also in the summer, as tutors, clerks, translators, athletic instructors, technical workers, salesmen, waiters, stenographers, secretaries, typists, et cetera. It should be borne in mind, however, that during recent years general conditions have limited part-time employment opportunities, and no prospective student should come to Columbia expecting to depend to any great extent upon employment for his support.

In the field of permanent employment, placement activities are divided between the Appointments Office and the Bureau of Educational Service at Teachers College. Graduates of the University are eligible to file their credentials in either office according to the type of position desired. No fee is charged for any services rendered.

The Appointments Office recommends graduates, both men and women, for suitable positions in business, professional, and technical work, and in teaching and administrative positions in colleges and universities, exclusive of the departments of education, and in preparatory schools. The office functions in coöperation with the various departments of the University, recommendations of individual candidates being based on information obtained through consultation and records of the appropriate departments.

The Bureau of Educational Service at Teachers College recommends qualified candidates for teaching and administrative positions in primary and secondary school systems, in normal schools, and in the various fields of education in colleges and universities. The Bureau also maintains a part-time employment service for students in Teachers College. Booklets descriptive of the work will be sent on request.

RELATIONS BETWEEN THE UNIVERSITY AND OTHER INSTITUTIONS

The educational opportunities of students in Columbia University (including Barnard College, Teachers College, and the College of Pharmacy) are increased by the close relations of the University with other institutions of instruction and research.

American Museum of Natural History. The American Museum of Natural History places its collections at the service of advanced students of Columbia University for the purpose of study and research, and provides them with the necessary facilities for work.

Metropolitan Museum of Art. The Metropolitan Museum of Art admits students of Columbia University on presentation of cards of introduction from the University and gives them special facilities for the study of the objects in the Museum.

New York Botanical Garden. Columbia University has the privilege of conducting University courses in botany at the New York Botanical Garden and of using its laboratories and floral material, and all courses of instruction given there are open to officers and students of the University without charge. The Director is a member of the Faculty of Pure Science.

Union Theological Seminary. The Faculty of Union Theological Seminary has the status of a University faculty in the educational system of the University through representation on the University Council and is empowered to recommend candidates for the degree of Master of Arts in the literature and religion of the Bible and in the comparative study of Christianity and other religions and in Christian education. The Seminary admits students of high standing in the University to certain lectures in its regular and special courses. The library of the Seminary is open for reference to all qualified students of the University.

Greenwich House Settlement. This settlement is affiliated with Columbia University and offers to students facilities for contact with economic and social conditions on the lower West Side of New York City and for direct acquaintance with the activities of a settlement house. The settlement also provides residence facilities for a small number of both men and women students.

Institute of Public Administration. This Institute is permanently affiliated with Columbia

University under the governance of an Administrative Board constituted jointly by the Trustees of the University and the Trustees of the Institute. The Institute is primarily a research agency in the field of government and public administration. Properly qualified students have the opportunity to participate in the research activities of its staff and to carry on researches under their supervision and direction.

University of Puerto Rico. Columbia University is affiliated with the University of Puerto Rico through the School of Tropical Medicine of the University of Puerto Rico, which is conducted under the auspices of Columbia University. In this school courses are offered and research conducted in subjects relating to tropical medicine. Under certain circumstances courses in the School will be accepted for credit toward graduate degrees in Columbia University.

Other Institutions. The College of Physicians and Surgeons is in close alliance with New York Post-Graduate Medical School (see page 199), and with Presbyterian Hospital, including Vanderbilt Clinic and Sloane Hospital for Women, with Neurological Institute, State Psychiatric Hospital, Babies Hospital, and Bellevue Hospital, and is strongly represented on the staffs of many other institutions, regular clinical instruction at hospitals being a prominent feature of the program.

The University contributes to the support of the schools in Athens, Rome, and Palestine, which are associated with the Archæological Institute of America, and the advantages of these schools are freely open to graduates.

There are close informal relations between the University and the New York School of Social Work, the Hispanic Society of America, the Rockefeller Institute for Medical Research, the New York Zoölogical Garden, the New York Aquarium, and the laboratories at Woods Hole and Cold Spring Harbor.

THE LIBRARIES

The University libraries consist of a general library in South Hall and over thirty departmental libraries and reading rooms, containing in all about 1,563,100 volumes. About 15,000 carefully selected reference books, among them an extensive collection of national and subject bibliographies, are placed in the general reference room where they are directly accessible to all readers.

For the convenience of the undergraduates of Columbia College a separate library of more than 35,000 volumes, reading rooms, and a reference room, is maintained in South Hall.

The loan desk in South Hall is the central point where readers should apply for information about the location of special rooms and departments in South Hall. In the periodical room there are the most recent numbers of 1,000 periodicals on open shelves arranged alphabetically.

Among the notable special collections may be mentioned the Avery architectural library, a collection of about 34,000 volumes relating to architecture and decorative art; the Plimpton library on the history of education; the David Eugene Smith collection in the history of mathematics; the Townsend library of national, state, and individual war records; Temple Emanuel library of biblical and rabbinical literature; Holland Society library (including a Grotius collection); Montgomery library of accountancy; the Marvyn Scudder financial library; the Stephen Whitney Phoenix collection; the Seligman library of economics; the Mary Queen of Scots collection and the Joan of Arc collection; Goethe collection; Kant collection; special collections on the French Revolution, anarchism, the drama, Rumanian literature, music, weights and measures, photography, and perfumery; a collection of contemporary French literature at the Maison Française; the library of current German books, periodicals, and newspapers at the Deutsches Haus; the Paterno library at the Casa Italiana; and the Bryson, Avery, Sachs, and Baldwin collections in the Teachers College library.

The law library, the library of Teachers College, which is the educational library of the University, and the reference libraries of Barnard College, the College of Physicians and

Surgeons, and the College of Pharmacy, are available to officers and students of the University. Nearly all the restricted libraries of the city, such as those of the learned societies, are open to officers and to advanced students introduced by the Librarian of the University. By the courtesy of the Trustees of Union Theological Seminary the reading room of that institution is open to students of the University.

Catalogues. The general catalogue of the Library is a record of the books in the possession of the University except for the libraries of education, law, and medicine and some of the special collections. In addition to this there are catalogues of department libraries located in department reading rooms and a union catalogue which is a record of books which may be found in the Library of Congress, Harvard University, and other libraries.

Use of the Library. All officers, students, and graduates of the University have free access to the Library and may draw books for home use. Persons of mature years desiring to engage in definite research which cannot be successfully conducted in the public or other libraries of this city will be given the privilege of using this library in the building, upon filing a satisfactory application, responsibly indorsed. Blank applications will be furnished by the Librarian on request.

During the Winter, Spring, and Summer Sessions of the University the Library is open each week day from 8:30 a.m. until 10 p.m.; on Sundays and holidays (except Labor Day, Christmas, New Year's Day, and Independence Day) from 2 to 6 p.m., and at other times on week days, from 9 a.m. to 6 p.m.

PUBLIC LIBRARIES

Students may use any of the public libraries of Greater New York. The central library building of the New York Public Library, at Fifth Avenue and 42d Street, houses one of the great reference libraries of the country, containing nearly 2,500,000 volumes and including much material not found in the University Library. Books in the reference department of that library may be used only within the building. Because of crowded conditions students are expected to do their work in the University libraries. However, if material needed by a graduate student is not in the University Library, he should take a card from the Reference Librarian of the University to the Public Library. Books in the central circulation branch (42d Street entrance) and in other branches may be borrowed for home use by students who obtain a Public Library card. A sub-branch of the Public Library is maintained in 101 South Hall. Other branches in the vicinity of the University are: West 115th Street, near Seventh Avenue; West 100th Street, near Amsterdam Avenue; and George Bruce Branch, 518 West 125th Street.

UNIVERSITY BOOKSTORE

The official University Bookstore is situated in the Journalism building, with entrances at the southeast corner of West 116th Street and Broadway, and from South Quadrangle between Furnald Hall and Journalism. Books and other supplies are sold at discounts from the usual prices. The store is open on week days from 8:30 a.m. to 8:30 p.m.; Saturdays, 8:30 a.m. to 6 p.m.; during the first days of each session, until 10 p.m. The store maintains a theater and concert ticket service, a travel bureau, a telegraph agency, and other services, with substantial savings to Columbia students. Students having deposit accounts with the University may also make withdrawals at the Bookstore.

Branches of the University Bookstore are maintained in Avery Hall, the McMillin Theater lobby, and at the College of Physicians and Surgeons.

THE GYMNASIUM

In the Gymnasium of Columbia College the main exercising room is semicircular in shape, and has a floor area of 16,000 square feet. The ceiling is 35 feet high, and the room is well lighted and well ventilated. The running track is 11 feet wide, with ends raised, and it measures 10 laps to the mile. On the same floor as the running track are the Gymnasium and Director's offices; rooms for fencing, boxing, and handball; two large dressing rooms with 3,000 steel lockers and 32 shower baths. On the floor above is an auxiliary gymnasium 80 x 100 feet and below the exercising room is the swimming pool, semicircular in shape measuring 100 x 50 feet on its axis, and containing 260,000 gallons of water which is filtered and sterilized daily. The depth is from 4 to 10 feet. Around the pool are shower and needle baths and lavatories, and on this floor are also two dressing rooms, equipped with shower baths and lavatories, for the use of the various athletic teams.

The athletic field is equipped with a 1/5-mile running track and within the oval is space for basketball, volley ball, modified football, baseball, and soccer, as well as for a variety of track and field activities; while in the area outside the track is space for tennis courts and other recreative activities. Adjoining the field is a dressing room with 1,000 lockers and shower baths.

The University Gymnasium is open daily during the academic year, except on Sundays and legal holidays, from 9 a.m. to 7 p.m. Also, from the beginning of the Winter Session to December 1 and from March 15 to the close of the Spring Session it is open on Wednesday and Thursday from 7 p.m. to 10 p.m. Between December 1 and March 15 it is open on Monday, Tuesday, Wednesday, and Thursday, from 7 p.m. to 10 p.m. During recesses within the academic year it is open from 3 to 6 p.m. One or more of the instructors are on duty at all times when the Gymnasium is open.

A course in physical education is required of all freshmen and sophomores in Columbia College. A physical and medical examination by the University Medical Officer is required of each student before admission to these classes and of all other students taking part in athletics. On the basis of this examination entering students are classified as to physical fitness and reports on their condition are sent to the Director of the Gymnasium who assigns them to activities adapted to their needs. Students suffering from disabilities sufficient to render participation in the regular physical education program hazardous or unprofitable are assigned to a restricted exercise group in which individual prescriptions of exercise and closer supervision are possible.

In addition to the required program of instruction, the intramurals division of the Department of Physical Education provides an organized program of voluntary participation in about fifteen different sports. This division also conducts a winter outing club at Lakeside, Connecticut.

The intercollegiate division of the Department affords an opportunity for participation in the more intensive and highly organized program of intercollegiate athletics.

Barnard Hall, the gift of Jacob H. Schiff to Barnard College, was opened in September, 1917. This building provides three gymnasium floors (one 102 feet x 85 feet), and two smaller rooms, a swimming pool (60 feet x 30 feet with a depth of 4 to 8 feet), lockers and dressing rooms, rest rooms, and departmental offices.

The Frederick Ferris Thompson Memorial Building, which houses the Department of Physical Education of Teachers College, was given by Mrs. F. F. Thompson. It is a building of four stories, containing offices, examination rooms, lecture and classrooms, laboratories, handball courts, a swimming pool, four gymnasiums, rooms for corrective exercises, dressing rooms, shower baths, and a suite of rooms for photographic purposes. The building provides facilities for men and women students of Teachers College and the pupils of Horace Mann School, and the varied equipment for the theoretical and practical instruction of professional students in physical education.

RESIDENCE HALLS

For Men. The office of the Director of Men's Residence Halls is 125 Livingston Hall. The four University Residence Halls on South Quadrangle have accommodations for approximately 1,350 men: Hartley Hall, the gift of Mrs. Helen Hartley Jenkins and Marcellus

Hartley Dodge, 1903, in memory of the late Marcellus Hartley; Livingston Hall, named in memory of Robert R. Livingston, of the Class of 1765; and Furnald Hall, provided for in the will of the late Francis P. Furnald in memory of his son, Royal Blackler Furnald, a member of the Class of 1901. John Jay Hall, completed in the fall of 1926, named in memory of Chief Justice John Jay, a member of the Class of 1764, has three very important facilities: restaurants adequate for all men students, large and comfortable quarters for all the student activities, and needed developments for the residence accommodations of the College. All four buildings have telephone and electric elevator service and are built of stone and overburned bricks. The floors and partitions are of the reinforced concrete type, and the construction is considered thoroughly fire-resistant throughout.

While the great majority of rooms are single there is flexibility in renting rooms in suites and there are also some double rooms. All the rooms have outside light and exposure. Each bedroom has hot and cold running water, a clothes closet, and is completely furnished (detailed statement sent on request). There are shower baths on each floor. The entrance for students to each Hall is from the Campus and leads directly into a large foyer with a large open fireplace opposite the entrance. The office of the Hall is at the side of the main entrance. In the basement is space for trunk storage. A well-equipped infirmary is in John Jay Hall. Room fees range from $130 (scholarship rooms) to $261 for the period between the Monday preceding the opening of the Winter Session and the Saturday after Commencement. Hartley and John Jay Halls (fifth, sixth, and seventh floors) are reserved primarily for undergraduates in Columbia College. Furnald Hall is reserved primarily for law students, while Livingston Hall and John Jay Hall (eighth to fifteenth floors) are for graduate and professional school students.

For Women. Johnson Hall, situated on East Quadrangle, 411 West 116th Street, overlooking the Campus and within four minutes' walk of the Columbia University subway station (Broadway and 116th Street) has accommodations for about 320 women students. It is named in memory of Samuel Johnson, first President of King's College, and of his son, William Samuel Johnson, first President of Columbia College after the Revolution. This building is of stone, brick, and steel construction and is lighted by electricity, heated by steam, and has telephone and electric elevator service. The rooms are furnished with tables, bookshelves, lamps, chairs, chiffoniers, beds, mattresses, pillows, blankets, sheets, pillowcases, towels, rugs, couch and dresser covers, and curtains. There are five showers on each floor and all the sleeping rooms have hot and cold running water. There are a number of two-room suites which may be occupied by one or two persons. The Hall is provided with a large dining room, large and small social rooms, and a well-equipped infirmary. As meals are served to residents all are required to take breakfast and dinner in the Hall. Luncheon is optional. The fee for two meals a day for the academic year is $245. Room rates range from $168 to $289.

All the University Residence Halls, for both men and women, are under the supervision of administrative committees appointed by the President, consisting of University officers and assisted by committees made up of residents in the Halls.

Copies of Residence Halls Announcements giving floor plans and dormitory regulations together with application blanks will be furnished on request by the Secretary of the University, 213 Low Memorial Library.

BARNARD COLLEGE RESIDENCE HALLS

Brooks and Hewitt Halls (116th Street between Broadway and Claremont Avenue), the Residence Halls for Barnard College, accommodate about 350 students. These Halls also contain dining and social rooms. There is a well-equipped infirmary in connection with the Halls. Full information in regard to location and costs of rooms, deposits required, etc., is published in a separate Announcement to be had on application to the Assistant to the Dean in charge of Residence Halls of Barnard College.

TEACHERS COLLEGE RESIDENCE HALLS

Bancroft Hall at 500 West 121st Street is divided into two- and three-room kitchenette apartments. Preference is given to married men students with their families.

Grant Hall and *Sarasota Hall* at 514 and 512 West 122d Street, are divided into apartments, each having two rooms, bath, and full-sized kitchen. Preference is given to married men students with their families.

Seth Low Hall (*for women*) is a nine-story, fire-resistant, elevator Residence Hall at 106 Morningside Drive, about one and a half blocks from the College buildings.

Whittier Hall (*for women*) adjoins Teachers College on the east. It is a ten-story fire-resistant building with elevator service. Residence may or may not include board.

Information concerning rooms or apartments in these five Halls will be furnished on application to Residence Hall Assignments, Teachers College.

KING'S CROWN HOTEL

King's Crown Hotel, 420 West 116th Street, in close proximity to the University, is owned by the University and operated by the Knott Hotels Corporation. It provides accommodations at reasonable rates, available for relatives and guests of members of the University.

DINING FACILITIES

The University maintains a dining room for women students in Johnson Hall and a dining room and a grillroom for men students in John Jay Hall. In addition the University maintains the following dining rooms (cafeteria service): Barnard Hall Lunch Room (women), Barnard Hall; Teachers College Cafeteria (men and women), Grace Dodge Hall, 121st Street. All these dining rooms are under expert supervision and furnish wholesome food at moderate rates.

The University Bookstore, located in the basement of Journalism, conducts a soda fountain where light luncheons are served.

RESIDENCE BUREAU

Columbia University maintains a Residence Bureau to protect the students' interests and to assist students in finding the best accommodations obtainable in the University neighborhood. There is no charge for this service. The Bureau will furnish upon request addresses of rooms which have been inspected. The University is in no way responsible for any private lodging house. Students desiring information regarding rooms outside University Halls should address the Residence Bureau, Alumni House, Columbia University.

PUBLIC WORSHIP AND RELIGIOUS WORK

Service in St. Paul's Chapel is held from 12 noon to 12:20 every week day during the academic year, except Saturday. On Sunday the service is at 11 in the morning, with an address by the Chaplain or by a visiting University preacher. Special services are also held as announced in the bulletins. While attendance is voluntary, all members of the University are invited to the services. A plan of Chapel membership is provided so that all who wish may have such affiliation and share in the work of the Chapel.

The Chaplain, Rev. RAYMOND C. KNOX, has hours for consultation after the daily service and also in the afternoon at Earl Hall. The Chaplain's house is at 413 West 117th Street. Mr. GEORGE E. RATH and Mrs. ECKHARDT LADD, Assistants to the Chaplain, with offices in Earl Hall, have hours for interviews throughout the day.

The Religious Counselors are Rev. ROBERT G. ANDRUS, Rabbi ISIDOR B. HOFFMAN, and Rev. GEORGE B. FORD, all having offices in Earl Hall. The Director of Religious Organizations at Barnard College is Mrs. Donald B. Read, whose office is in Barnard Hall. The religious organizations at Teachers College are under the direction of Professor Adelaide T. Case and her associates, 230 Teachers College.

In addition to the Chapel services many other opportunities are offered for participation in the religious life of the University, such as discussion groups, relations with the churches of the city, and social service. The Chaplain, his Assistants, the Directors, and the Counselors will be pleased to see students and to give information and help at any time.

EARL HALL

Earl Hall was given to Columbia University by the late William Earl Dodge for the religious and social activities of the students. On the main floor, reached by the Campus entrance, are the offices of the three Religious Counselors. On the upper floor are the offices of the Chaplain of the University and his staff. An auditorium seating 300 people is used by the Department of English and Comparative Literature for dramatic composition and production. The lower floor, entered from Broadway, is occupied by the offices of the University Medical Officer.

MEDICAL ATTENDANCE

The University Medical Officer, Dr. William H. McCastline, has direct supervision of all matters affecting the health of the student body. All cases of illness, especially communicable diseases, should be promptly reported to him. Absence from classes due to illness should also be reported to his office. The Medical Officer and the members of his staff hold office hours daily in Earl Hall for the medical care of students and members of the staff.

Members of the University who need medical attention at home, and who desire to be advised concerning private physicians, specialists, nursing care, clinics, or hospitals, will receive such information upon applying at the office of the University Medical Officer.

STUDENT ORGANIZATIONS

The various student organizations, while self-governing, are subject to certain University regulations, unless responsibility has been assumed by a faculty or department of instruction. These regulations are administered for the athletic activities by the Director of Athletics and for the literary, musical, dramatic, and similar activities, by the Director of King's Crown Activities. Both these officers are directly responsible to the President. The University's regulations have to do with both schedules and budgets. In the case of athletics, each sport has an advisory committee functioning as an auxiliary to the University Committee on Athletics, which in turn bears an advisory relationship to the Director of Athletics. The control of athletics is vested in the Department. Similarly, the Advisory Committee on King's Crown Activities bears an advisory relationship to the Director of King's Crown Activities. All other student organizations are under the jurisdiction of, and responsible to, the Committee on Student Organizations of the University Council.

Provision is made for the election each year by the student body at large of the Board of Student Representatives.

Admission to all home athletic contests, concerts, debates, and theatrical performances, are open to male students of the University, enrolled in the following schools for courses leading to a first degree normally granted four years after admission to college: Columbia College, School of Engineering, School of Business, courses in optometry, and also to University Undergraduates.

FRATERNITIES

The following fraternities, given in the order of their establishment, maintain chapters at Columbia University, and are members of Pamphratria, the interfraternity association:

Alpha Delta Phi; Psi Upsilon; Delta Phi; Delta Psi; Delta Upsilon; Phi Gamma Delta; Phi Kappa Psi; Beta Theta Pi; Sigma Nu; Sigma Chi; Sigma Alpha Epsilon; Zeta Beta Tau; Acacia; Alpha Sigma Phi; Tau Epsilon Phi; Alpha Phi Delta; Beta Sigma Rho; and Delta Chi.

The constitution of Pamphratria restricts the issuing of fraternity pledges to actual matriculants in the University and places an educational requirement upon initiation. The constitution further provides for a deferred rushing period. No fraternity may issue invitations to freshmen for the rushing period until the opening of the rushing season. The academic requirements for the initiating of men in Columbia College to fraternities are the passing at mid-terms, mid-years, or finals of twelve points of college work.

UNDERGRADUATE ENTRANCE REQUIREMENTS

GENERAL STATEMENT

The Director of University Admissions administers the entrance requirements for all schools and colleges of the University. Certain formal tests are required for admission to the Schools of Dental and Oral Surgery, Law, Medicine, and Journalism. Each of these professional schools as well as the Schools of Architecture, Business, and Engineering, and the courses in optometry demands previous college residence as a basis of admission. Candidates for admission to these schools should present their credentials from the college of previous residence. Admission to the first year course in Columbia College, Barnard College, Bard College, and the College of Pharmacy presupposes adequate secondary school training guaranteed by satisfactory records or entrance examinations, or both, but a satisfactory showing in examinations and in school preparation is not in itself sufficient to guarantee admission, which depends also upon the candidate's character, personality, health, and promise of future usefulness. The passing of a psychological examination may be substituted for other written examinations provided the candidate's record is accepted as satisfactory in all particulars.

Information regarding admission by transfer to the undergraduate schools will be found in the sections of the Catalogue describing those schools.

Applications for Admission. Applications for admission should be filed not later than June 1 of the year when the candidate plans to enter. Applications for admission to the School of Law should be filed before April 15, and for admission to Columbia College by April 1 if possible.

METHODS OF ADMISSION

The minimum age for admission to the freshman class in Columbia College is sixteen, in Barnard College, fifteen. For students entering from secondary schools, an estimate of character and personality and a certificate of health must be presented, and in the case of students from other colleges, an honorable dismissal and a certificate of health.

Admission in February to Barnard College and to Columbia College has been discontinued. There are two methods of admission.

1. The new method, employing the psychological examination. Candidates who have graduated with good grades from an acceptable secondary school and have completed an acceptable course of study, may, on submitting satisfactory records of school work, health, and character, receive permission to substitute a psychological examination for the entrance examinations required by the old method. The course of study must have included the prescribed entrance subjects and must have been concerned primarily with language, science, mathematics, and history.

2. The old method, employing entrance examinations. Students entering by the old method are required to take the psychological examination for the purposes of record.

Plan A. The student may satisfy the requirements in the subjects required for admission by passing entrance examinations covering fifteen entrance units. In passing upon the results of the examinations the candidate's school record is taken into account.

Plan B. On this plan a candidate whose school record has been approved may receive permission to satisfy the examination requirements by comprehensive examinations in not less than four subjects approved by the Committee on Admission. The comprehensive examinations must be those prepared by the College Entrance Examination Board or by Columbia University.

In passing upon the result of these examinations the detailed school record of the candidate is taken into account and given great weight.

The examination requirements for admission under the old plan may be satisfied by any one of the three following means, or by any approved combination thereof; the examination grades are interpreted in the light of the record which the student has made in the school. The record for each subject must be filed with the Director of University Admissions.

1. The examination of the College Entrance Examination Board held at Columbia University and at about 150 other educational centers in the United States and elsewhere.

2. The examinations conducted at Columbia University by the Committee on University Admissions.

3. The examinations of the Education Department of the State of New York in so far as their subject matter specifically corresponds to the stated requirements of the several undergraduate schools. These examinations are held in January and June at more than six hundred high schools and other institutions in the state, but are ordinarily open only to students in those schools. A grade of at least 75 per cent will ordinarily be required in these examinations.

CREDITS

A candidate may present himself at any of the series of examinations scheduled above, but at not more than four in all, and the results may be credited toward entrance, subject to the following restrictions.

The results of an examination may stand to the candidate's credit twenty-nine months, but no longer. The reports of the candidate's examinations and the school's statement of preparation must be in the hands of the Director of University Admissions six weeks prior to the opening of the term in September.

SUBJECTS FOR EXAMINATION

Columbia University recognizes the following examination subjects which may be offered for admission to one or more of the colleges and schools included in the University, each subject counting for a specific number of units as indicated.

The units here represent the number of years, at the rate of five periods per week, which will normally be required in the secondary school to prepare adequately for the college examination. Each unit should represent approximately one quarter of a full-term program for a year in a secondary school.

Delegates to the University Council (see page 8).

Columbia College, the oldest part of the University and in a sense the mother of the rest, offers a program of studies leading to the degree of Bachelor of Arts.

Entrance. For the details of admission to the freshman class, see pages 147 *et seq.*

Advanced Standing. A candidate for admission to advanced standing upon basis of work done at another college, should obtain and file not later than July 1 or December 1, preceding the session in which he desires to enter, the appropriate application blank, with a transcript of his academic record, and a marked catalogue of the institution that he leaves.

Appropriate credits up to a maximum of eighteen points of the 124 required may under certain circumstances be made by students who have passed entrance examinations over and above the minimum entrance requirement of fifteen units.

Special Courses. In exceptional circumstances a student not enrolled as a matriculated student may be admitted to the University as a nonmatriculated student with permission to attend such courses of instruction as he is qualified to take but not as a candidate for a degree, certificate, or diploma in regular course.

Registration and Fees. For information with regard to registration and fees, see Index.

Program of Studies. The period within which the requirements for the degree of Bachelor of Arts may be satisfied varies with the capability and industry of the individual student. In most cases four years are spent in making the required number of points; students of ability and industry frequently complete the course in less time, especially if advantage be taken of courses in the Summer Session, or additional credit be gained by high standing; no student may spend more than six years as a candidate for the degree.

General Regulations. Admission to courses depends strictly upon completion with the grade of C or better of the stated prerequisites. A student in good standing is permitted upon joint approval of the Dean and of the department concerned to elect approved graduate courses which his previous training will enable him to pursue with profit.

To be recommended for a degree, a student must have made at least eighty-four points in actual college residence, and of these at least twenty-four in Columbia College. Supplementary details are given in the current Announcement of Columbia College.

In the administration of the College regulations, it is the policy of the Committee on Instruction and of the Dean to be guided in the treatment of individual cases largely by the recommendation of the adviser, and by the general attitude of the student in question toward the College, i.e., whether or not he has proved himself a creditable member of the College community, as shown by regularity in attendance, promptness in the fulfillment of his obligations, earnestness in his endeavor to profit by his College opportunities, both direct and indirect, and by consideration of others. Before a student will be recommended for graduation, he must have satisfied the Faculty as to his upright character, his intellectual progress while in college, and his accomplishment in scholarship.

REQUIREMENTS FOR THE DEGREE

To satisfy the requirements for the degree of Bachelor of Arts, each candidate must pass 124 points of work and obtain sixty maturity credits. The term "point" signifies the satisfactory completion of work requiring attendance for one Winter or Spring Session of one hour weekly in lectures, recitations, or a correspondingly longer period in laboratory, lecture course, or drafting room. The term "maturity credit" signifies the credit alloted to certain advanced courses and the purpose of the requirement is to encourage sequential work in the course of study.

Unless the equivalent of the requirement has been satisfied by passing an achievement test, the following courses are prescribed for candidates for the degree:

For Students Who Entered the College before September, 1937

1. *Contemporary Civilization A* and *B; English A* and *C; Physical Education A* and *B; Hygiene A.*
2. *Science A1–A2* and *B1–B2*[1] or one full year from each of any two of the following groups:
    I. Mathematics.
    II. Chemistry; physics.
    III. Astronomy; botany; geology; zoölogy.
3. a. One year of college work in French or German beyond course B, or
    b. *Greek 11–12* or *Latin 11–12,* and in addition *French B* or *German B,* or
    c. The equivalent of the *B* requirement in two of the following languages, one of which must be French or German: French, German, Greek,[2] Italian, Latin,[2] Spanish, for which another language may be substituted on authorization by the Committee on Instruction, or
    d. Completion of *French B* or *German B,* followed by the exercise of professional option,[3] with an approved school of medicine or dentistry.
4. Attendance at weekly Orientation Lectures during the Winter Session.

---

[1] Since *Science A* and *B* is conducted as a single unified course, separate sessions may not be combined with other courses in meeting the prescription in science.

[2] Greek and Latin elected under this option must be taken in the College.

[3] For explanation, see "Combined Courses," page 157.

For Students Entering the College in September, 1937, or Thereafter

1. *Contemporary Civilization A* and *B; Humanities A* and *B, English C; Physical Education A* and *B; Hygiene A.*
2. *Science A1–A2* and *B1–B2*[1] or one full year from each of any two of the following groups:
    - I. Mathematics.
    - II. Chemistry; physics.
    - III. Astronomy; botany; geology; zoölogy.
3. Proficiency in reading one of the following languages: French, German, Greek, or Latin, or another language with special permission of the Committee on Instruction. For detailed information, the Announcement of Columbia College should be consulted.
4. Attendance at weekly Orientation Lectures during the Winter Session.

ACHIEVEMENT TESTS

Under the regulations for the Bachelor of Arts degree, a student who has anticipated the subject matter of any of the preceding prescriptions or of any other college courses may make application to take an achievement test. If the result of this test indicates sufficient mastery of the subject the prescription will be waived and the student may go forward immediately to more advanced work in the subject. Passing the achievement test will not give point credit toward the degree.

PLACEMENT EXAMINATIONS

All freshmen are required to take placement examinations in mathematics and modern foreign languages in order that failures due to misplacement in courses may be avoided if possible. The type of examination used is designed to test the readiness with which the student can adapt his knowledge to the requirements of College work. The results of these examinations will determine a student's placement in courses and in sections. In modern languages a separate aural test will be given for placement in oral courses.

Where it is necessary to place a student in a course which forms a technical duplication of entrance credit, credit toward the Bachelor of Arts degree will not be allowed unless the student passes the courses in which he is placed with a College grade of B or better.

ADMISSION TO THE PROFESSIONAL SCHOOLS

Upon receiving sixty-four points in Columbia College, a student may take studies in the first year of the following professional schools of the University, provided he can satisfy the stated requirements for admission thereto, and may receive a Bachelor's degree on recommendation of the professional school of his choice upon the satisfactory completion of:

1. Two years' work in the following schools:
    - School of Business
    - School of Engineering
    - Optometry courses
2. Four years' work in the School of Architecture.

Combined Courses

Upon receiving ninety-four points, sixty-four[2] of which must be for work in Columbia College including all the work prescribed for the degree in Columbia College, a student may, without severing his connection with Columbia College, take studies in the first year of any one of the following professional schools provided he can satisfy the stated requirements for admission thereto, and will receive the degree of Bachelor of Arts from Columbia College upon the satisfactory completion of the year's work. This procedure is defined as the exercise of professional option.

---

[1] Since *Science A* and *B* is conducted as a single unified course, separate sessions may not be combined with other courses in meeting the prescription in science.

[2] In exceptional cases, students of high scholarship who have completed two years of college work elsewhere may satisfy the residence requirement by the completion in Columbia College of thirty-four points, with an average of B. Work done in the Summer Session or University Extension may not be included in these thirty-four points.

School of Architecture
School of Business
School of Dental and Oral Surgery or other approved dental school
School of Engineering
School of Law
School of Medicine or other approved medical school
Union Theological Seminary

Students exercising professional option must have at least twenty maturity credits before entering the professional school, the completion of the first year of which will satisfy the maturity credit requirement for the degree. No course may be counted toward a professional degree and at the same time be included among those which go to make up the ninety-four points referred to above.

Students who intend to study for holy orders are permitted, with the approval of the Committee on Instruction, to offer toward the Bachelor's degree certain courses given at the General Theological Seminary.

Miscellaneous. All students admitted with conditions are assigned for advice to the Committee on Admissions until such time as their entrance deficiencies are removed. Special advisers are designated for students looking forward to law, medicine, engineering, business, journalism, architecture, dentistry, theology, and to the liberal arts group, respectively.

The student's performance in a course is reported according to the following grades: A, excellent; B, good; C, fair; F, failure. The designation MU is used to indicate that the student is permitted to take a second final examination. The grade of A in six points of college work completed in any session of the academic year entitles a student who has not fallen below the mark B to one point of extra credit.

Matriculated students whose records as to entrance conditions and the completion of prescribed courses are satisfactory to the Committee on Instruction are classified as follows:

Freshmen, those who have less than 26 points.
Sophomores, those who have completed 26 points.
Juniors, those who have completed 58 points.
Seniors, those who have completed 88 points.

UNIVERSITY UNDERGRADUATES

In the interest of mature students the University adopted in October, 1920, a plan whereby the work of the University in its several divisions is made more fully accessible to properly qualified students who may be candidates for a Bachelor's degree, but whose needs are not fully met by the provisions of the undergraduate colleges. Such students are designated University Undergraduates, as distinguished from College undergraduates and from graduate students. They must comply fully with the requirements for admission for Columbia College (or in the case of women, for Barnard College). Evidences of maturity may be the age of twenty-one years or more, the satisfactory completion of two or more years of college work elsewhere, special proficiency in some study, etc. They may, with permission, take work in Columbia College, and, with certain restrictions, in the Summer Session and in University Extension. Provided they are entitled to senior standing they may take certain courses offered by the Graduate Faculties of Political Science, Philosophy, and Pure Science. On completing the requirements provided for such students they will be granted the degree of Bachelor of Science in general studies on the recommendation of the University Council.

Scholarships. For information concerning scholarships and prizes and medals, see the Announcement of Columbia College.

Announcement of Columbia College. The following additional matters are dealt with in the Announcement of Columbia College, which may be had upon application to the Secretary of the University: description of Hamilton, Hartley, and John Jay Halls; advice as to choice of studies; regulations governing absences; statement of courses which may be taken by the College students with their prerequisites; personal relations of students; system of examinations; records and reports; schemes of attendance and recommended programs for students having particular ends in view; scholarships and prizes.

SCHOOL OF LAW

FACULTY

President BUTLER.

Dean SMITH.

Professors BERLE, CHAMBERLAIN, CHEATHAM, DEÁK, DOWLING, GELLHORN, GIFFORD (*Secretary*), GOEBEL, HALE, HAMILTON, HANDLER, HANNA, HAYS, HYDE, JACOBS, JERVEY, JESSUP, LLEWELLYN, MAGILL, MEDINA, MICHAEL, PATTERSON (E. W.), POWELL, SCHILLER, WECHSLER.

Delegates to the University Council (see page 8).

Purpose. The School of Law, which was established in 1858, aims to afford a thorough, practical, and scientific education in the principles of the common and statute laws of the United States; the English and American system of equity jurisdiction; the public law of the United States and Europe; the Roman law, ancient and modern; and theoretical and comparative jurisprudence.

Admission. Applicants for admission to the first year class normally will be required to take a capacity test. This requirement may be waived by the Faculty Committee on the Selection of Students in the case of applicants who have maintained a high scholastic average. Only those applicants will be admitted who, on the basis of their college records, their scores made on the capacity test, provided they are required to take the test, and other available pertinent data, give promise of doing thoroughly satisfactory work. Applicants for admission as candidates for graduate degrees and, in some cases, applicants for admission with advanced standing are not required to take the capacity test.

Degrees. The Law School offers three degrees: the Bachelor of Laws, the Master of Laws, and the Doctor of the Science of Law. The curriculum leading to the degree of Bachelor of Laws covers a period of three academic years. The work of the first year is prescribed and includes, in addition to the usual first year courses, a course in the development of legal institutions and a course in legislation. In addition to the foregoing courses, first year students are given certain prescribed readings in the broader aspects of law and allied subjects and must pass a satisfactory examination thereon.

The studies of the third year and to a limited extent of the second year are elective, but each student must register for courses amounting to not more than fourteen nor less than twelve class hours per week. During the second and third years, each student must submit at least one original essay in connection with a course for which he is registered, such essay to count as one point toward the requirements for the degree of Bachelor of Laws. Second and third year students of high standing are admitted to graduate courses subject to the approval of the instructor in charge.

No student is permitted to remain in the School unless he maintains a satisfactory average at the end of each year.

Candidates for the degree of Master of Laws must have successfully completed three years of study in an approved law school, have obtained a first degree in law, and have fulfilled certain other preliminary academic requirements. They must successfully complete the equivalent of one year's work in the Law School and their programs are subject to the approval of the Committee on Graduate Instruction.

Candidates for the degree of Doctor of the Science of Law must present convincing evidence of their ability and educational training to do original research in Anglo-American law. They must have successfully completed with high rank three years of study in an approved law school and have obtained a first degree in law. Graduates of law schools outside the United States or the British Empire will ordinarily not be admitted to candidacy for the degree of Doctor of the Science of Law unless they have completed with high rank at least one year's work in an approved American law school. Candidates for the degree of

Doctor of the Science of Law must be in residence for at least one academic year and must also submit a printed dissertation showing the results of their study and investigation.

In general, degrees will not be awarded unless the preliminary qualifications of the student are approved by the Director of University Admissions and the student is matriculated as a candidate for the degree. A period of regular attendance on all stated academic exercises amounting to at least one academic year must be completed by every candidate for a degree. Those interested in further details as to the requirements for admission and for the various degrees should consult the Announcement of the School of Law.

Historical. King's College, the original foundation of Columbia University, organized a Medical Faculty in 1767, and was the first institution in the North American Colonies to confer the degree of Doctor of Medicine in course. The first individuals to graduate in medicine from the College were Robert Tucker and Samuel Kissam, who received the degree of Bachelor of Medicine in May, 1769, and that of Doctor of Medicine in May, 1770, and May, 1771, respectively. Instruction in medicine was given from this time on until the work of the College was broken up by the War of the Revolution. In 1784 an act was passed making Columbia College in the City of New York the successor of King's College, and instruction was resumed in the academic department. Eight years later the Medical Faculty was reëstablished, and was continued until 1813, when the Medical Faculty of Columbia College was merged in the College of Physicians and Surgeons, which had received an independent Charter in 1807. In 1860, by agreement between the Trustees of the two institutions, the College of Physicians and Surgeons became the medical department of Columbia College, and from that time on the diplomas of the graduates were signed by the President of Columbia College as well as by the President of the College of Physicians and Surgeons. The connection was only a nominal one, however, until 1891, when the College was definitely merged with the University.

Location and Equipment. The College of Physicians and Surgeons was first situated at 18 Robinson Street, from 1807 to 1809. From 1809 to 1813 it was at 12 Magazine Street; from 1813 to 1837 at 3 Barclay Street; from 1837 to 1856 at 67 Crosby Street; and from 1856 to 1887 at 101 East 23d Street. From 1887 until 1928 it occupied a group of buildings which stand upon land bounded on the south, west, and north by West 59th Street, Amsterdam Avenue, and West 60th Street, respectively. In 1928 it was moved to its present quarters at 630 West 168th Street.

The Columbia-Presbyterian Medical Center. After a number of years of close coöperation the Presbyterian Hospital and Columbia University formally agreed in 1921 to construct buildings which should be in close geographical and functional relationship. The University transferred to the Presbyterian Hospital the endowment funds of Sloane Hospital and Vanderbilt Clinic and makes certain annual payments for maintenance. The buildings, completed in 1928, are situated on ground owned jointly by the two institutions lying between 165th and 168th Streets on Broadway to a line 200 feet to the east of Riverside Drive. In addition to the College of Physicians and Surgeons and Presbyterian Hospital the following institutions are parts of the Medical Center: School of Dental and Oral Surgery, Presbyterian Hospital School of Nursing, DeLamar Institute of Public Health, Sloane Hospital for Women, Squier Urological Clinic, Vanderbilt Clinic, Babies Hospital, Neurological Institute, New York State Psychiatric Institute and Hospital, and the Institute of Ophthalmology.

Presbyterian Hospital. Under the terms of the affiliation with Columbia University, staff members of the hospital are appointed by the Board of Managers on nomination by the Trustees of the University. The hospital occupies a twenty-two story building, in which are the wards of the medical and surgical services, Sloane Hospital for Women, and Squier Urological Clinic. Harkness Pavilion has 147 private rooms, besides thirty beds on the staff infirmary floor and ten guest rooms.

Vanderbilt Clinic. Vanderbilt Clinic, presented by the Vanderbilt family to Columbia University in 1888, is the out-patient department of all the affiliated hospitals of the group.

Sloane Hospital. Sloane Hospital for Women occupies three floors of the Presbyterian Hospital building and shares in the private pavilion. The wards of the hospital furnish 154 beds for obstetrical and gynecological patients. In recent years the hospital has averaged about 2,100 deliveries a year.

Squier Urological Clinic. Squier Urological Clinic occupies the ninth floor of the Presbyterian Hospital building and the tenth floor of the Babies Hospital. It is comprised of wards of twelve, five, and four beds, and contains a large number of single rooms for surgical cases in urology. The clinic is under the direction of the Department of Urology, the Executive Officer of the Department being the director of the clinic.

New York State Psychiatric Institute and Hospital. The state of New York maintains a two-hundred-bed Psychiatric Hospital with provisions for the study and treatment of all types of psychiatric disorders. This offers unusual facilities to the students and staff of the College of Physicians and Surgeons for experience in this important branch of medicine.

Babies Hospital. Babies Hospital provides for general medical and surgical care of infants and children up to twelve years, and coöperates with other departments for the treatment of this age group according to the particular specialty, in medicine or surgery, involved.

Neurological Institute. The Neurological Institute of New York is a hospital of 222 beds in wards and private rooms, and is devoted exclusively to the treatment of diseases of the nervous system. Facilities are provided for bedside teaching in the wards for both undergraduates and graduate students.

Institute of Ophthalmology of Presbyterian Hospital. An important addition to the Medical Center, made possible by the generosity of Mr. Edward S. Harkness, is the Institute of Ophthalmology of Presbyterian Hospital, which is on the southwest corner of the plot. The hospital and laboratories for the study of diseases of the eye fill a great need in the training of physicians and nurses in this important field.

DeLamar Institute of Public Health. The primary function of the DeLamar Institute of Public Health is to contribute to the education of physicians and to train personnel for the various professional careers in sanitary science. Its teaching staff participates also in the training of nurses qualifying for a public health career in the required courses at Teachers

College, and in the education of teachers and executives of health agencies through the medium of University Extension courses. It offers instruction in epidemiology, industrial hygiene (with its two divisions of physiology and medical practice), public health administration, and sanitary science. Other subjects usually included in the curricula of schools of public health and hygiene are adequately provided for within existing University departments: sociology and vital statistics, bacteriology, immunology, physiology, protozoölogy. Parasitology is arranged for in the School of Tropical Medicine.

Institute of Cancer Research. The Institute of Cancer Research was established in 1911 by a legacy from the late Mr. George Crocker for the purpose of conducting investigations in cancer. The Institute also receives support from the L. A. Van Praag Fund, established in 1915, and the Emil C. Bondy Fund, established in 1916. The research laboratories are situated at 1145 Amsterdam Avenue on the northeast corner of West 116th Street. The building is a three-story-and-basement, fire-resistant structure of brick and concrete, erected by the Trustees of the University to afford facilities for the workers in the Institute.

Voluntary workers who have had suitable preparation in pathological histology and pathology are welcome and will be given sufficient instruction to enable them to pursue in a satisfactory manner some phase of cancer research. Formal courses in pathological technique and tumor biology are offered by the staff.

The facilities of other hospitals in and near New York City are open to undergraduates for certain required and elective courses, and to graduates for the program of graduate medical education including the long-term training of specialists through residencies and the short courses for men in active practice.

Bellevue Hospital. Bellevue Hospital, a unit of the New York City Department of Hospitals, was founded in 1848. It has 2,237 beds, used for the treatment of acute diseases. One of its four divisions has been utilized for instruction by the Faculty of the College of Physicians and Surgeons for over sixty years. The staff of the service is appointed by the Commissioner of Hospitals on the nomination of the Trustees of Columbia University. During the fourth year clinical clerkships are provided in general medicine, general surgery, and tuberculosis. Short graduate courses in internal medicine under the auspices of Columbia University are being conducted by the staff of the Fourth Division of the hospital.

Hospital for the Ruptured and Crippled. The New York Society for the Relief of the Ruptured and Crippled was organized in 1863. The hospital has a ward capacity of 184 beds, mostly devoted to the care of orthopedic and surgical conditions.

Margaret Hague Maternity Hospital. Margaret Hague Maternity Hospital, a unit of the Jersey City Medical Center, has a capacity of 556 beds, including 284 bassinets. An affiliation with Columbia University was arranged in 1935 for graduate instruction in obstetrics.

Montefiore Hospital. Montefiore Hospital for Chronic Diseases, founded in 1884, has a capacity of 712 beds devoted to the treatment of chronic diseases. The neurological division of 160 beds is used for undergraduate instruction. Short courses in various subjects for graduates are given annually in collaboration with Columbia University.

Morrisania Hospital. Morrisania City Hospital, a unit of the New York City Department of Hospitals, was established in 1929. The bed capacity is 471 of which 137 are used for teaching in obstetrics.

Mount Sinai Hospital. Mount Sinai Hospital, organized in 1852, accommodates 621 patients. The hospital since 1923 has been affiliated with Columbia University in graduate medical training, particularly for physicians in general practice.

New York Orthopaedic Dispensary and Hospital. New York Orthopaedic Dispensary and Hospital, established in 1868, has a bed capacity of 128, including ten cribs, used exclusively for the surgical treatment of orthopedic conditions.

New York Post-Graduate Medical School and Hospital. New York Post-Graduate Medical School and Hospital, established in 1882 to provide instruction for physicians, was affiliated with Columbia University in 1931. The Dean of the College of Physicians and Surgeons is the Director of the Post-Graduate, and several members of the Post-Graduate staff hold seats in the Medical Faculty of the University.

Reconstruction Hospital. Reconstruction Hospital, a unit of the New York Post-Graduate Medical School and Hospital since 1930, has 57 beds for the care of patients suffering from the accidents and diseases of modern industry.

Roosevelt Hospital. Roosevelt Hospital, established in 1864, contains 384 beds for the treatment of acute medical, surgical, gynecological, and otolaryngological cases, and its facilities are used in the teaching of medicine and surgery to undergraduates.

St. Luke's Hospital. St. Luke's Hospital was established in 1850. There are 446 beds for general and specialized hospital use with 80 beds for children and infants.

St. Vincent's Hospital. St. Vincent's Hospital, founded in 1849, has a bed capacity of 430. The pediatric service offers facilities for the care of sixty infants and children.

Sea View Hospital. Sea View Hospital, a unit of the New York City Department of Hospitals, established in 1913, has a bed capacity of 1,600 entirely devoted to the care of tuberculosis in all forms.

Stuyvesant Square Hospital. Stuyvesant Square Hospital, operated as the New York Skin and Cancer Unit of the Post-Graduate, was founded in 1882, the oldest hospital in America to specialize in the treatment of skin diseases and cancer. In 1934 it became affiliated with the New York Post-Graduate Medical School and Hospital.

Welfare Hospital for Chronic Diseases. The Research Division of Chronic Diseases in the Department of Hospitals of New York City was opened on Welfare Island in 1936 to fill the need for intensive research in chronic diseases and for the establishment of adequate facilities for the care of the chronic sick. Plans are under way for a modern hospital building. The scientific personnel of the Research Division are members of the staff of Columbia University.

Willard Parker Hospital. Willard Parker Hospital, a unit of the New York City Department of Hospitals, established in 1866, contains 424 beds and cribs for the treatment of communicable diseases and tuberculosis.

Woman's Hospital. Woman's Hospital, founded in 1855, was the first institution established by women "for the treatment of diseases peculiar to women and for the maintenance of a Lying-In Hospital." It has 212 beds. In 1937 an affiliation was arranged with Columbia University to participate in the program of training specialists in obstetrics and gynecology.

Library. A thoroughly modern central library with spacious reading room containing approximately 70,000 volumes and about 2,000 pamphlets occupies a part of three lower stories of the main Medical School building and is open to students from 9 a.m. to 10 p.m. on week days; 10 a.m. to 5 p.m. on Sundays.

Graduate Instruction. The University grants recognition for acceptable graduate work in the clinical specialties by means of the degree of Doctor of Medical Science. A number of short intensive courses for medical graduates have been made possible through affiliation with various hospitals in New York City. Further information regarding these courses is provided in special Announcements which will be mailed upon request.

Residence Hall. Bard Hall, the gift of Mr. Edward S. Harkness, is situated at 50 Haven Avenue, about three blocks from the College. It contains 235 rooms for students and ten suites for instructors. The facilities of the Hall include large lounging rooms, dining room, cafeteria and grillrooms, gymnasium, squash courts, and swimming pool.

Summer Session (July 12–August 20, 1937). Courses in the Summer Session are open to all properly qualified students. They do not count toward the degree of Doctor of Medicine, for those who are students at the College of Physicians and Surgeons, or those who, being eligible for admission to advanced standing, have not had in their previous course of study any of the subjects offered. Such courses cannot be offered to anticipate work required from students of equal rank. The following courses offered in the Summer Session are similar to but not equivalent either to courses required or elective in the Winter and Spring Sessions: bacteriology, Professor ROSEBURY; morphology and biology of tumors, Professor WOGLOM; histology, Professor Goss. For full particulars and an Announcement of the Summer Session apply to the Secretary of Columbia University.

Requirements for Graduation. In addition to complying with the requirements for admission and to completing the required work of the curriculum, each candidate for the degree of Doctor of Medicine must present satisfactory evidence, as required by law, of good moral character and of having attained the age of twenty-one years.

Students who elect the combined course of seven years in Columbia University will receive the degree of Bachelor of Arts from Columbia College upon the completion of the first year of the medical course.

Fellowships, Scholarships, and Prizes. See the Announcement of the School of Medicine.

COMMITTEE ON INSTRUCTION

The Dean (*Chairman*), Professors FINCH, JACKSON, LUCKE, RAUTENSTRAUCH, READ, SEVERINGHAUS, SLICHTER, and Mr. HINCKLEY.

Delegates to the University Council (see page 8).

Columbia University offers a most carefully developed curriculum in each of the major branches of engineering. At the same time the program of study has the flexibility, without sacrifice to unity, that is necessary to meet the differing needs of students and to respond to the fact that the call for young engineers is not limited to those whose formal education has been of a single standardized type. These programs of studies are founded upon the basic four-year Bachelor of Science degree requirements, in fulfillment of which two years are spent in Columbia College and two years in the School of Engineering. The work of the first two years is concerned with certain studies pertaining to a general education, but more particularly with laying the scientific foundations in mathematics, physics, and chemistry on which the strictly technical or engineering studies of the following years are based.

The division point at the end of two years between preparatory, general, and scientific studies on the one hand and the strictly technical studies of the following years on the other hand is so clearly marked that students who desire to study engineering at Columbia may secure in most good colleges a training that will prepare for admission to the third year of the Columbia University course, or the first year of the School of Engineering. A student who wishes to do this should give careful attention to the Announcement of the School of Engineering and, by correspondence with the Director of University Admissions, obtain advice concerning the arrangement of his work so that he may secure in his own college the substantial equivalent of the two pre-engineering years in Columbia College.

There is increasing appreciation of the value to engineers of a broader education in the so-called humanities—subjects such as economics, history, philosophy, languages and literature, psychology, fine arts—than is necessary or possible in the standard four-year engineering curriculum. Students who wish to extend their education in these directions may, if suitably qualified, take three years in college as candidates for the Bachelor of Arts degree and in these three years complete not only the scientific preparation for the engineering school, but have the equivalent of an additional year's training in subjects of a general and liberal education. For such a student, under the professional option plan, the first year's work in the School of Engineering is accepted as the fourth year of the Bachelor of Arts course, so that he receives the Bachelor of Arts degree upon satisfactory completion of his first year in the engineering school. This three-year pre-engineering course may be taken by the student who, while having altogether a sufficient number of entrance credits, does not have some of the mathematics or science credits prescribed for entrance to Columbia College for those who take the two-year pre-engineering course. This period of two or three years in the common undergraduate college of the University is of great importance in securing a well-rounded educational experience for the engineering students since in these years they are in intimate contact with and an integral part of the general undergraduate body, with its social, athletic, and other Campus activities.

Whether the student comes into the School of Engineering after two years of pre-engineering work in Columbia College, after three years of it, or by transfer from another institution, he proceeds with two years of study in his chosen branch of engineering to the Bachelor of Science degree.

For students especially qualified for advanced work the School of Engineering also provides an additional year of graduate work in purely professional subjects in the chosen field of specialization, with emphasis on research methods. The successful completion of this third year of engineering study is marked by the award of the professional engineering degree, Engineer of Mines, Metallurgical Engineer, Civil Engineer, Electrical Engineer, Mechanical Engineer, Chemical Engineer, or Master of Science (in industrial engineering or in mineral dressing).

The degree of Master of Science under the Faculty of Engineering is granted for individual curricula of not less than thirty points, the major to be, in general, in the field in which the candidate holds the Bachelor of Science or equivalent degree, subject to the approval of the head of the department of major interest, the Dean, and the Committee on Instruction.

The doctorate is under the Faculty of Pure Science, in which there is a large representation of professors of engineering. Information concerning the requirements for the Doctor of Philosophy degree may be obtained from the Graduate Announcement and by consultation with the department of major interest.

ADMISSION TO PROFESSIONAL PART OF COURSE

Proper preparation for undertaking the work of the first year in the School of Engineering requires that the student shall have had the prescribed entrance units for admission to the undergraduate four-year course and the substantial equivalent of the following in his college or engineering school course:

1. English, history, economics, and philosophy or acceptable substitutes, 22 semester hours.
2. Mathematics: analytical geometry, differential and integral calculus, differential equations, 12 semester hours.
3. Chemistry: one year of general chemistry, presupposing high school or entrance chemistry, 14 semester hours including laboratory. Followed by at least 8 semester hours of qualitative analysis and 11 semester hours of quantitative analysis for students intending to study chemical, industrial, or metallurgical engineering or mineral dressing.
4. Physics: one year of general physics, presupposing high school or entrance physics, 16 semester hours; including mechanics and sound, 5 semester hours; electricity and optics, 5 semester hours; combined laboratory, 6 semester hours.
5. Mechanical drawing and descriptive geometry, 12 semester hours.
6. For all students, except those intending to study chemical, industrial, or metallurgical engineering or mineral dressing, a course in power, 3 semester hours and a course in statics, 3 semester hours.

A good preparation for admission to the School of Engineering may be obtained in most of the better colleges of the country by a proper choice of electives. The college student wishing to fulfill the admission requirements should apply without fail to the Secretary of the

University to be put in touch with the Committee on Admissions for advice regarding the proper courses to elect at his college to satisfy our admission requirements. The complete Announcement of the School of Engineering may be obtained upon request to the Secretary of the University and should be consulted for details of the various curricula.

Preparatory Courses in Columbia College. The attention of students who wish to pursue a course in the School of Engineering is directed to the course in Columbia College, especially arranged for study preparatory to the work in engineering. See the current Announcement of Columbia College.

GRADUATE AND PROFESSIONAL DEGREES

REGULATIONS

In order to be admitted to the University under the Faculties of Political Science, Philosophy, and Pure Science, a student must hold a baccalaureate degree in arts, letters, philosophy, or science, or an engineering degree, from an approved institution, or have an education equivalent to that represented by one of these degrees.

Students are advised to ascertain, by addressing the Director of University Admissions, before coming to the University whether the college from which the baccalaureate degree has been received is upon the list of institutions whose degrees are accepted by Columbia University as entitling the holder to admission under one of these faculties; or for a ruling upon an education claimed to be the equivalent of an acceptable Bachelor's degree.

A student who is graduated from a college which is not on the approved list should submit an official transcript of his college record, showing the grades received in the several courses; and a catalogue of his college in which he has marked each of the subjects that he offered for admission, and each course for which he has received credit toward the degree.

Students of mature age and special fitness whose previous education does not entitle them to admission as students under one of these faculties may be admitted as students in the University, and, with the authorization of the Director of University Admissions, may register for courses under the control of these faculties. In general, students who do not hold the first degree or its equivalent are recommended to apply for admission to Columbia College, Barnard College, or Teachers College.

Every student is admitted subject to the disciplinary powers of the University.

No degrees are granted by the University for work done *in absentia,* and a minimum residence in the University of one academic year is required of every candidate for a degree. A year of residence under the Faculties of Political Science, Philosophy, and Pure Science is defined as registration for and attendance upon courses aggregating not less than thirty tuition points, distributed over a period of not less than one academic year or its equivalent. Four Summer Sessions or two Summer Sessions together with a Winter or Spring Session are equivalent to one academic year. In certain cases and by special arrangement time exclusively devoted to investigation in the field will be credited in partial fulfillment of the residence requirements of candidates for the degree of Doctor of Philosophy.

Courses in Professional Schools. In lieu of courses that are listed as graduate courses under departments or divisions of the Faculties of Political Science, Philosophy, and Pure Science, a student may offer courses listed under the School of Law, the College of Physicians and Surgeons, the School of Engineering, Union Theological Seminary, the New York School of Social Work, or graduate courses under the Schools of Architecture, Business, Journalism, or Library Service in fulfillment of not more than fifteen points of the residence requirement toward the degree of Master of Arts or Doctor of Philosophy, provided such courses are previously approved for this purpose by the Dean in writing at the time of registration, and are not offered by the candidate for credit toward a professional degree or diploma.

Doctor of Philosophy. A student admitted to the University under the jurisdiction of the Faculties of Political Science, Philosophy, and Pure Science, who wishes to become a candidate for the degree of Doctor of Philosophy, will be matriculated by the Dean upon the recommendation of the department in which his research work lies. Departments will recommend students for matriculation upon the following conditions:

1. The student must have pursued graduate studies in residence in this University or in some other institution approved by it for the equivalent of at least one academic year as defined in the regulations of the University.

2. The student must have satisfied the department that he is proficient in such languages as it may under the rules of the Faculty prescribe.

3. The student must have satisfied the department that he is prepared to undertake researches under its direction.

The Dean will admit a candidate for the degree to final examination and appoint a committee to examine him upon the recommendation of the department in charge of his work. Departments will recommend candidates for examination upon the following conditions:

1. The candidate must have pursued graduate studies and research for at least two academic years, one of which must have been spent at this University. The years of graduate study prior to his matriculation may be accepted in part fulfillment of this condition.

2. The candidate must have satisfied such preliminary examinations or requirements as the department may demand.

3. The candidate must have prepared a dissertation approved by the department and embodying the results of his researches. This dissertation must be printed either prior or subsequent to the final examinations, as the department may require.

Students are advised to consult the divisional Announcements and the administrative officers of the departments under which they are pursuing their studies, concerning the departmental requirements for admission to candidacy and for final examination.

Applications for the final oral examination for the degree of Doctor of Philosophy may be filed with the Dean at any time but not later than April 1 if the examination is to be held in the same academic year in which the application is filed. Examinations will be held not earlier than three weeks after the filing of the applications.

Each candidate for the degree of Doctor of Philosophy shall present a dissertation embodying the results of original investigation and research on some topic previously approved by the professor in charge of the major subject. When such dissertation has been approved it shall be printed by the candidate and seventy-five copies shall be delivered to the Librarian of the University before the degree is conferred. On the title-page of every such dissertation shall be printed the words, "Submitted in partial fulfillment of the requirements for the degree of Doctor of Philosophy, in the Faculty of ——, Columbia University"; the full name of the author, the full title of the dissertation, the year and place of imprint, and if a reprint, the title, volume, and pagination of the publication from which it was reprinted. Thereshall be printed and appended to each dissertation, in the form of a vita, a statement of the place and date of birth of the author, of the educational institutions that he has attended, and a list of the degrees and honors conferred upon him as well as the titles of his previous publications.

Under the Faculties of Philosophy and Pure Science, the dissertation is not required to be printed until after the examination of the candidate. Students should, however, at least three weeks prior to their examination, deposit five typewritten copies of the dissertation in the Dean's office for the inspection of the examiners.

The general examination for the degree of Doctor of Philosophy will not be confined to the courses which the candidate has attended in Columbia University or elsewhere, or even to the field covered by such courses. The candidate is expected to show a satisfactory grasp of his subject as a whole and a general acquaintance with the broader field of knowledge of which this subject forms a part.

Master of Arts. A student regularly admitted to the University under the Faculties of Poltical Science, Philosophy, and Pure Science and accepted as a candidate for the degree of Master of Arts will be recommended for the degree after the following requirements have been satisfied:

1. The candidate shall have registered for and attended courses aggregating not less than thirty tuition points, distributed over a period of not less than one academic year or its equivalent.

2. The candidate shall have satisfied the department of his choice that he has completed all the requirements specified by the department for the degree. These requirements may include the completion of courses and the assigned work in them, examinations, an essay, seminars, or other work prescribed by the department.

Students are advised to consult the divisional Announcements and the administrative officers of the departments, under whom they are pursuing their studies, concerning the departmental requirements for the degree.

Each candidate for the degree of Master of Arts must file a formal application for the degree on a blank provided for the purpose, to be had from the Registrar. If the degree is to be conferred in February, the application must be filed with the Registrar on or before December 1; if in June, on or before March 1; if in December, on or before August 1. The last-named date applies to candidates who shall complete the requirements of residence and attendance in the Summer Session then in progress. Diplomas are issued on the last Wednesday in February, on Commencement Day, and on the third Wednesday in December, corresponding, respectively, to the foregoing dates of application.

When an essay is required, it shall be submitted to the appropriate department at such times as the department may designate. If the essay is accepted, two typewritten or legibly written copies, together with a certificate of acceptance by the professor in charge, shall be deposited with the Registrar at least two weeks before the candidate expects to receive his degree. These copies must be written on "Paragon Linen" 11 x 8½ inches in size, 20-pound weight, "Royal," a space of 1½ inches on the inner margin being left free from writing. The title-page shall contain the words: "Submitted in partial fulfillment of the requirements for the degree of Master of Arts in the Faculty of ——, Columbia University."

Any undergraduate student in Columbia University who, in the final session of his candidacy for a Bachelor's degree, is within twelve points of that degree may, with the approval of the appropriate Deans, register for graduate courses with a view to offering such courses in fulfillment of the requirements for residence for a higher degree, provided, however, that he shall not receive graduate credit in excess of the difference between fifteen points and the number of points that he needed to fulfill the requirements for his Bachelor's degree at the beginning of such session.

On final certification by the Dean of the appropriate Faculty that all official regulations have been complied with, a candidate shall be recommended to receive the degree of Master of Arts for the satisfactory completion of an approved curriculum.

Master of Laws. Any student who has been graduated from an approved college or scientific school of collegiate rank, or who has successfully completed three years of undergraduate study in an approved college or scientific school, such course of study including satisfactory courses in economics and in English and American history, and who has also successfully completed three years of study in an approved law school, and who shall thereafter, during one year of residence at Columbia University, satisfactorily complete a course of study approved by the Dean of the Faculty of Law, shall be entitled to be recommended for the degree of Master of Laws.

Doctor of the Science of Law. The regulations for the award of the doctorate in law are administered by the Joint Committee on Graduate Instruction of the Faculties of Political Science, Philosophy, Pure Science, and Law, and candidates for the degree will be recommended for matriculation and examination under the same general regulations as prevail for the degree of Doctor of Philosophy. The recommending officer, both for matriculation and final examinations will be the Dean of the Law School.

Master's Degree in Education and in Science. Candidates for the degree of Master of Arts in the Department of Education are under the jurisdiction of the Faculty of Teachers College. See the current Announcement of Teachers College.

The degree of Master of Science is awarded as a graduate professional degree under the Faculty of Engineering, the Faculty of Teachers College, the Faculty of Architecture, the Faculty of Library Service, the Faculty of Business, and the Faculty of Journalism. For information with regard to candidacy for this degree, application should be made to the Dean or Director of the faculty or school concerned.

Delegates to the University Council (see page 8).

General Statement. In 1883 the Trustees of Columbia College offered degrees to women who would be able to pass the necessary examinations, without, however, providing instruction for them. The resulting system, called the Collegiate Course for Women, proved unsatisfactory to both parties. Barnard College was, therefore, organized in 1889 to provide instruction for women which should be identical with or equivalent to that provided by Columbia for men.

For eleven years Barnard duplicated for women as far as possible the curriculum of Columbia College, and also registered for graduate work under the University faculties women who held the Bachelor's degree from institutions of good standing. Its instructors were members of the University staff. Examinations for entrance, those given in course, and those for degrees, were conducted by Columbia University. During the first three undergraduate years separate instruction was given to women; in the senior year they were admitted to certain courses in the University. Graduate students attended many courses at the University under the Faculties of Philosophy, Political Science, and Pure Science, the laboratory work in science being done at Barnard College.

The numerical growth of Barnard College made inappropriate, however, the informal arrangement for instruction which was the natural method at the outset, and it became necessary to recognize formally the status which had gradually come into existence. An agreement was accordingly entered into in January, 1900, by which Barnard was included in the University system. Barnard is now an independent college for women with a corporation and a Faculty of its own vested with all the powers commonly belonging to such bodies. At the same time, it shares the Library, the instruction, and the degrees of Columbia University.

A more exact idea of the relations between Barnard College and Columbia University and also of the relations between Barnard College and Teachers College is to be found in the Announcement of Barnard College. This may be obtained without charge upon application to the Secretary of the Committee on Admissions of Barnard College.

Admission. See "Undergraduate Entrance Requirements," page 152. More detailed information will be found in the Announcement of Barnard College.

Advanced Standing. See "Advanced Standing" in Columbia College, page 155. In addition, the final determination of credits of students admitted by transfer lies with the Committee on Transfers, which reserves the right of readjusting credit at any time. No applicant may enter the senior class as a candidate for a degree after October 15 in any year, and no student will receive a degree who has resided less than two full sessions (Winter or Spring) at Barnard College.

Special Students. Women who wish, without working toward a degree, to make a serious study of some subject or group of subjects, may, with the approval of the Committee on Admissions, enter Barnard as nonmatriculants. They need not pass formal entrance examinations, but they must submit satisfactory credentials in regard to character and qualifications for the courses they wish to take.

Candidates for admission as nonmatriculants must be at least eighteen years of age. They may not pursue merely elementary courses. They must not, within ten months of the time of application, have been rejected or become deficient as regular students. They will be held to the observance of the same regulations as to attendance, examination in course, proficiency and deficiency as regular students. They are also subject to the usual health regulations.

Nonmatriculants are entitled to a formal statement as to the satisfactory completion of the work that they have taken. They may, in view of a satisfactory record in college courses, be transferred by the Committee on Instruction to the matriculated basis as candidates for a degree.

Matriculation, Registration, Fees. Detailed information will be found in the current Announcement of Barnard College.

Residence Halls. See page 148.

[1] In individual cases, by special permission of the Committee on Instruction, Italian or Spanish may be substituted for one of these languages.

Program of Studies for Degree with Certificate in Science or Mathematics. This program is the same as the foregoing except in the following respects:

A major subject of twenty-eight points in one of the following natural sciences: astronomy, botany, chemistry, geography, geology, mineralogy, physics, experimental psychology and zoölogy or in mathematics, and two minor subjects of at least twelve points each, one in a subject allied to the major and one in a diverse subject, both to be chosen from the foregoing list with the addition of anthropology.

Additional grouped work in science or in mathematics, or in science and mathematics, amounting to at least eight points.

Degrees with Honors in Special Subjects. The honors course has been arranged for exceptionally well-equipped students with a pronounced interest in some one subject. It offers to these an opportunity to do more intensive and better work than the ordinary students, to have more chance for independent study, and at the same time more individual conferences with the professors in their major department. It gives them also the opportunity of attaining, by successful completion of this course, high academic honor. Entrance into the course is optional with those students who are eligible.

Students who have completed sixty points of work with an average standing of 2.90 (for details see the Barnard College Announcement) are eligible as candidates for the honors course. The names of students who would be eligible for the course on this basis, providing the quality of work is sustained until the end of their sophomore year, will be posted during the third week in March. Students who wish to apply for the course should do so to the Committee on Honors by April 10. Admission to the course will be subject to the approval of the department in which the student elects to work. In special cases permission will be given to enter the course in the middle of the junior year, providing similar conditions of eligibility are met.

The eligibility percentage will be figured only on the work taken at Barnard College. Summer Session courses may count to bring the student's points up to the sixty required for admission to the course, but they will *not* count in the average standing. Ordinarily students who cannot complete their sixty points until the deficiency examinations in September will not be eligible for admission to the honors course until the following February.

A student whose name is not on the eligible list may be recommended as a candidate for the honors course by any department in which she is doing work of conspicuous excellence and promise. Subject to the approval of the Committee on Honors, such a student shall be admitted to the honors course.

Every department will, at its discretion, assign some work to be done by its candidates during the summer. The result of this work and the students' records as a whole will be scrutinized by the department before a decision is made as to the admission of the candidates. The department may require a qualifying examination or some other form of test. After a student has been admitted to this course the appropriate department takes charge of her work and, subject to the approval of the Faculty, arranges the curriculum to be pursued for a degree with honors in her special subject.

Students in the honors course are not exempt from the completion of the group requirement, and this requirement includes a laboratory science. Where the completion of the group requirement cannot be taken parallel to the honors course, the student should try to satisfy it in Summer Session courses. This is possible in practically every subject excepting the laboratory science. Any deficiency in the group requirements must be satisfied before the opening of the senior year. Students seriously deficient in the group requirement will not be admitted to the honors course.

All honor students are required to pass by the end of their junior year the regular foreign language test in French or German or Greek or Latin. They are also required to pass a reading test in another foreign language, to be set by the department in charge of their work before the mid-year examination period of their senior year. Students failing to meet these requirements are dropped from the honors course.

During the junior year students admitted to the honors course are held on probation, and at the end of the junior year, if they have not done thoroughly satisfactory work, the Committee on Honors will recommend that they return to the usual course of study. In the junior year honor students will be expected to take the regular examinations in the courses for which they are registered and to receive grades in their work, the understanding being that examinations may be omitted only in courses that are elected as optional.

In the senior year all regular examinations in the major subject are omitted, examinations in other subjects being at the option of the major department, and at the end of the year the student takes a comprehensive examination in her subject. Students who pass the comprehensive examination with high standing are recommended for the degree with honors in their respective subjects. If the examination is passed only moderately well, the student will receive the degree but without honors.

Honor students are exempted from the technical requirement of 120 points, from the usual regulation of class attendance, which in their cases will be under the direction of their major departments, and, in their senior year, from the customary system of grading. Honor students are not exempted from the supervision of the Department of Physical Education.

Preparation for Professional Schools. Students who intend to transfer to professional schools are of two classes: those who leave Barnard at the end of the sophomore year without candidacy for the Bachelor of Arts degree, and those who at the end of the junior year wish to take advantage of the combined course, counting the first year of an approved professional school in place of the senior year at Barnard.

Barnard students intending to transfer to professional schools without candidacy for the degree of Bachelor of Arts are required to take courses in English composition, speech, hygiene, and physical education throughout their stay at Barnard, and such other courses as are appropriate in preparation for the professional school to which the transfer is to be made.

Students with a good record may, by special permission of the Committee on Instruction, count the first year of an approved professional school in place of the senior year at Barnard. To be eligible for this combined course a student must complete at Barnard, before transferring to the professional school, ninety points of academic work including all grouped work and a major of twenty-eight points unless this number is reduced in individual cases by special permission of the Committee on Instruction. Students transferring to Barnard from other institutions will be granted this privilege of a combined course only if they have an unusually good record and in no case will the permission of the Committee on Instruction be given until after the student has completed at least a full year of work in Barnard College.

University Courses. Certain courses in the Department of Music and in Teachers College are open to regular students registered in Barnard College. Certain graduate courses in Columbia University under the Graduate Faculties are open to specially qualified Barnard seniors.

After two years of collegiate work in Barnard, a student may transfer without examination to the School of Architecture as a candidate for the degree of Bachelor of Architecture or to the School of Business as a candidate for the degree of Bachelor of Science; after three years, to the College of Physicians and Surgeons as a candidate for the degree of Doctor of Medicine; after three or four years, to the School of Law as a candidate for the degree of Bachelor of Law.

Detailed information in regard to these opportunities will be found in the Announcements of Barnard College and the other schools concerned.

Scholarships. For information concerning scholarships and prizes and medals see the Announcement of Barnard College.

Delegates to the University Council (see page 8).

General Statement. Teachers College, founded in 1888, and chartered by the Regents of the University of the State of New York in 1889, became in 1898 a part of the educational system of Columbia University. The President of Columbia University is President, *ex officio,* of Teachers College and the College is represented in the University Council by its Dean and representatives elected from the Faculty. The College, however, maintains its separate corporate organization and its Board of Trustees continues to assume entire financial responsibility for its maintenance. In 1912 the Trustees reorganized Teachers College, establishing the School of Education with the Faculty of Education, and the School of Practical Arts with the Faculty of Practical Arts; in 1932 New College for the education of teachers was established with a separate Faculty. In 1935 the Trustees abolished the School of Education and the School of Practical Arts, combining the Faculty of Education and the Faculty of Practical Arts into the Faculty of Teachers College. At the same time, the Advanced School of Education was established. In addition Teachers College conducts the following schools below college grade: Horace Mann School; Horace Mann School for Boys; Lincoln School; and Speyer School, organized under the Board of Education of New York City in coöperation with Teachers College.

The central group of the Teachers College buildings occupies the block directly north of the University Campus, bounded by West 120th and 121st Streets, Amsterdam Avenue, and Broadway. In this group the main Teachers College Hall, containing offices, lecture and conference rooms, laboratories, and the offices and rooms assigned to the Advanced School of Education, is adjoined by Milbank Memorial Hall, providing space for academic and technical instruction and containing the Memorial Chapel; by Macy Hall, with equipment for fine arts and industrial arts and containing the Guidance Laboratory; and by

Grace Dodge Hall for work in the fields of household arts, practical science, nursing education, and music, and containing the browsing room, the social room, and the cafeteria. Russell Hall, the library and administration building of Teachers College, completed early in 1924, adjoins the main Teachers College Hall on the east. Frederick Ferris Thompson Memorial Hall, equipped for physical education, connects Milbank Hall on the west with the main building of Horace Mann School. Macy Annex, a two-story building on West 121st Street between Macy Hall and Horace Mann School, and Lowell Annex, a two-story building adjoining Russell Hall, afford office and classroom space.

Speyer School is situated a short distance north of the College on West 126th Street near Amsterdam Avenue.

The Residence Halls are Whittier Hall, at the eastern end of the block of College buildings and facing on Amsterdam Avenue; Bancroft Hall, on the north side of West 121st Street, opposite Grace Dodge Hall; Seth Low Hall, at the corner of West 121st Street and Morningside Drive; and two additional apartment buildings, Sarasota Hall and Grant Hall, at 512 and 514 West 122d Street.

The buildings of Horace Mann School for Boys, a country day school, are located near Van Cortlandt Park. This group includes the main school building, the principal's residence, a gymnasium, a swimming pool, and a grandstand. During the year 1936–1937, a new wing was added, containing a new library, auditorium, and chemical laboratory. Lincoln School, an experimental school of Teachers College opened in 1917, occupies a building at 425 West 123d Street, between Amsterdam and Morningside Avenues, which was especially constructed to meet the needs of this school. An addition on the west, at 433 West 123d Street, completed in the spring of 1928, houses the research activities of Lincoln School and other researches in education. A swimming pool for the pupils of Lincoln School was opened at the same time.

The Faculty of Teachers College offers to advanced students professional and scientific training in educational administration, educational guidance, principles and practice of teaching and instruction in all types of institutions, and in educational measurement and research leading to the degrees of Master of Arts and Master of Science, to Teachers College professional diplomas in teaching, supervision, and administration and, through the Advanced School of Education, to the degrees of Doctor of Education and Doctor of Philosophy. Teachers College courses may also be credited toward the degree of Bachelor of Science in certain fields; and may be counted as minor subjects toward advanced degrees by students primarily registered in some other part of the University. For detailed information see the Announcement of Teachers College, which may be had from the Secretary of Teachers College.

The Advanced School of Education fixes the requirements for admission, the program of studies, and conditions of graduation of candidates for the degree of Doctor of Education; and in coöperation with the Graduate Faculties of the University, administers in Teachers College the requirements for the degree of Doctor of Philosophy. The Advanced School of Education provides also facilities and guidance for students interested in pursuing professional work beyond the Doctor's degree. For detailed information see the Announcement of Teachers College and the Bulletin of the Advanced School of Education, which may be had from the Secretary of Teachers College.

New College, a demonstration and experimental college, offers technical and professional preparation for teaching in junior-primary, elementary, and secondary schools, in such a manner as to test the value of theories of the education of teachers.

Horace Mann School and Horace Mann School for Boys, maintained by Teachers College, with a complete organization covering the work of the kindergarten, elementary school, and junior and senior high school, offer exceptional advantages for the study of the practical work of teaching and for the investigation of educational problems.

Lincoln School is a laboratory school of twelve grades, kindergarten, and nursery school, founded in 1917 by the General Education Board and made an integral part of the College.

Speyer School is organized under the Board of Education of New York City in coöperation with Teachers College for individual and classroom experimentation and demonstration.

The Institute of Educational Research was established in 1921 to promote the scientific study of education in coöperation with the several departments of the College and with other institutions interested in investigation and research. It is organized under an Administrative Board in two divisions: the Division of Educational Psychology and the Division of Field Studies. The staff of the Institute is drawn from available experts wherever they may be found and assignments are made for limited periods on specific undertakings.

The International Institute was established in 1923 as part of the work of Teachers College for the professional guidance and training of foreign students, for the instruction of American students in educational conditions and procedures abroad, and for encouragement of research and investigation of school systems and methods of education in other lands. The research activities include foreign travel and study, surveys of education in other lands, the collection of educational materials, journals and books, translation and publication. The Institute is organized under an Administrative Board consisting of the Dean of Teachers College, the Director of the Institute, and the Associate Director.

The Institute of Practical Science Research was organized in 1930 for the encouragement of research, investigation, and experimentation in the sciences and related education applied to health and the home.

SCHOOL OF ARCHITECTURE

FACULTY

President Butler.
Dean Arnaud.
Professors Allen, Briggs (*Secretary*), Dinsmoor, Findlay, Smith (K. A.), Unwin.

The School of Architecture is a professional school for men and women with a teaching staff and equipment adequate for an enrollment of about 115 students. Work in architecture was begun at Columbia University in 1881. The School of Architecture was established under the Faculty of Applied Science in 1896. In 1906 it was combined with the Department of Music in the Faculty of Fine Arts; in 1914 it was made a separate school under an Administrative Board; and in 1931 it was given an independent Faculty.

It receives two classes of students: (1) Candidates for the degree of Bachelor of Architecture, who must give evidence of having completed two years of academic study in a recognized college. The curriculum offered to such students is of indeterminate duration but may generally be covered in four years. (2) Candidates for the degree of Master of Science in architecture, who must be graduates of the School of Architecture or of a school of architecture maintaining equivalent courses. Such students are required to spend not less than one academic year upon work assigned by the Faculty of Architecture.

Building and Equipment. The School of Architecture occupies four floors in Avery Hall. This building was completed in 1912 as a memorial to the late Samuel P. Avery and to his son, the late Henry O. Avery, to accommodate the Avery Architectural Library and the School of Architecture. The provision of rooms for lectures, exhibitions, drawing, drafting, and study is ample, and the drafting rooms are well lighted and convenient.

The Avery Architectural Library, consisting of about 40,000 volumes relating to architecture and allied arts, occupies the ground floor of the building. It is open to the public Monday through Friday from 9 a.m. to 10 p.m., Saturdays from 9 a.m. to 6 p.m., and Sundays, 2 to 6 p.m., except between sessions. Frequent exhibitions in this library enhance its value both for instruction and for inspiration. The Avery Library is supplemented by the fine arts library of about 11,000 volumes in Schermerhorn Hall. The material of both libraries is available for the purposes of study and illustration in the School, and students are freely admitted to their alcoves, without restriction upon the use of books and documents, for drawing, tracing, and photographing.

In addition, the School has the advantage of its own departmental library, the Ware Memorial Library, containing a collection of about 18,000 photographs and several hundred books; a classified library of many thousands of prints and plates, chiefly from current periodicals in the field of architecture, and a number of original drawings. A collection of about 18,000 lantern slides is in daily use for illustrating lectures on the history and theory of architecture, painting, sculpture, ornament and the allied arts, town planning and construction. The School also possesses valuable models of parts of the Parthenon and of Rheims Cathedral. The illustrative material on construction and architectural engineering is also extensive, comprising a variety of building materials and appliances and a number of specially prepared structural models.

Periodic exhibitions of both student and graduate work are held by the School of Architecture. The current work of students in residence is hung in the exhibition room and corridors of Avery Hall, and general exhibitions covering the work of all departments in all classes are held twice each year, on Alumni Day, February 12, and during Commencement week.

General Regulations. Students are admitted subject to the disciplinary powers of the University authorities. Every candidate must present a certificate of good moral character and students from other institutions must bring certificates of honorable dismissal. No candidate under eighteen years of age is admitted, except by special action of the Director of University Admissions.

In general, all courses in the School of Architecture begin in September and run through the year, although the two sessions are separately rated. It is therefore extremely difficult to make adequate arrangements for students who wish to enter in February.

Admission to Candidacy for the Degree of Bachelor of Architecture. For admission to the School of Architecture applicants must present evidence of having satisfactorily completed at least two years of academic studies in a college recognized by Columbia University. Applicants must have completed two years of work in a modern foreign language, one year of English, analytic geometry, and a year of economics, history, government, or sociology.

Admission to Candidacy for the Degree of Bachelor of Architecture with Advanced Standing. Students desiring to enter the School of Architecture with credit for courses pursued in other institutions must make application in writing to the Director of University Admissions in time to reach him one month before the beginning of registration. Each application must be accompanied by:

1. A catalogue of the institution previously attended with the subjects marked in which credit is desired.
2. Propery certified official statements of standing in the subjects offered for credit. In the case of design and freehand drawing, actual examples of the candidate's work must be submitted.
3. Evidence vouching for the candidate's character and honorable dismissal from the institution from which he comes.

Candidates who thus seek to obtain credit for work done elsewhere may obtain this with points credit if courses are equivalent to those in architecture and not used in the two-year entrance requirement. If used for entrance credit, students may obtain advanced standing without points credit, and must make up equivalent points by taking elective subjects in College or in architecture.

Admission of Graduate Students. Graduates of this school and of other schools of architecture maintaining equivalent undergraduate curricula are admitted to the graduate courses, whether candidates for the higher degrees or not.

Holders of the degree of Mechanical Engineer, Civil Engineer, or other engineering degrees, are admitted to graduate as well as to undergraduate courses in architecture, subject to their qualifications in the prerequisites for each course for which they desire to register. Such students are not accepted as candidates for a higher degree with primary interest in architecture.

The degree of Master of Science is awarded as a graduate professional degree in the School of Architecture. Graduates of an approved school of architecture may, upon recommendation of the Committee on Instruction, be admitted as candidates for this degree.

Candidates for the degree of Master of Arts or Doctor of Philosophy may elect graduate work in architecture as their primary interest.

Fees. For summary of fees see the Announcement of the School of Architecture.

Examinations. Regular examinations in each course are held at the end of each half year. All other examinations, except examinations for admission to advanced standing, are special examinations, for which the statutory fee of $3.00 is charged (see page 137). For the dates of the various examinations see the Academic Calendar. Absence from any regular or delinquent examination for which a student is registered is regarded as a failure. A student who fails to attend any mid-year examination will be excluded from the second term in that subject, except for reasons of weight. Those for whom exceptions are made will be required to take the corresponding deficiency examinations during the stated September deficiency examination period.

Students who do not pass or are debarred from a regular mid-year or final examination must remove such deficiency at the September delinquent examinations, failing which they must repeat the course concerned. Students will be debarred from examinations for excessive absence from lectures or failure to complete collateral work. They may for the same reasons be excluded from any course at the middle of any term.

Fellowships and Scholarships. For information concerning fellowships, scholarships, and prizes and medals see the Announcement of the School of Architecture.

COLLEGE OF PHARMACY

President Butler.
Dean Ballard.
Associate Dean Wimmer.

Professors Arny, Brown (L. N.), Carter, Clarke (H. T.), Dorfman, Hart, Lascoff, Lieb, Matzke, Rusby, Taub (A.), Taub (H.), Thomas (A. W.).

General Statement. The College of Pharmacy of the City of New York, founded in 1829, chartered in 1831, and recognized in 1879 by the Regents as part of the University of the State of New York, became a member of the educational system of Columbia University on July 1, 1904. The President of the University is *ex officio* President of the College of Pharmacy, and the College is represented in the University Council by its Dean, who is appointed by the Trustees of the College of Pharmacy on the nomination of the President, and by one elected member of the Faculty. The College, however, maintains its separate corporate organization, and its Trustees continue to provide for its financial support. The College of Pharmacy is thus the professional school of Columbia University for pharmacists, Bachelors of Science in pharmacy, and Doctors of Pharmacy, as well as a valuable addition to the University's resources for teaching and research in botany, chemistry, pharmacy, and materia medica.

The College is situated at 113–119 West 68th Street, near Broadway, in an especially well-equipped building erected in 1894. A second building, erected in 1923, greatly added to the teaching facilities of the School.

Admission. See the Announcement of the College of Pharmacy.

Courses Offered. The courses of study heretofore maintained at the College and known respectively as the College course of three years leading to the degree of Graduate in Pharmacy and the University course of four years leading to the degree of Bachelor of Science in pharmacy, will be maintained until the programs have been completed. Candidates granted advanced standing on the basis of attendance at other schools of pharmacy may be received in the second, third, and fourth years of these courses provided they matriculated in a recognized college of pharmacy prior to January, 1937, and successfully completed one or more years of study therein.

Owing to a change in the Pharmacy Law of New York State the only undergraduate course offered students matriculating subsequent to January, 1937, is one of four academic years leading to the degree of Bachelor of Science in pharmacy conferred by the University.

A graduate course of two years study in residence, leading to the degree of Doctor of Pharmacy conferred by the University, is open to graduates with the baccalaureate degree conferred by this college or other schools maintaining equivalent courses of study.

4. The graduate course leading to the degree of Doctor of Pharmacy conferred by the University, consists essentially of research in an approved field of pharmacy or closely related thereto, supplemented by required studies in fields of minor or secondary interest.

5. Evening courses in chemical and microscopical examination of urine, bacteriology, microscopical and chemical blood analysis, mycology, parasitology, composition and manufacture of cosmetics and toilet preparations are provided. These courses do not lead to degrees.

6. Summer laboratory courses are provided for those requiring special training.

Schedules. See the Announcement of the College of Pharmacy.

Library. The library of the College of Pharmacy contains approximately 10,000 bound volumes and journals as well as many pamphlets and is open to the general public, as well as to the student body.

SCHOOL OF BUSINESS

FACULTY

President Butler.
Dean McCrea.

Professors Alexander (R. S.), Beckhart, Blanchard, Bonbright, Brissenden, Byrnes, Chapman, Dodd, Dohr, Egbert, Haig, Ingraham, Kester, Lyon (H.), Mills, Morgan (O. S.), Nixon, Nystrom, Orchard (*Secretary*), Shoup, Smith (J. R.), Stockder, Van Metre.

General Statement. The School of Business, organized in 1916, offers a complete professional course in business to properly qualified students, both men and women. It is the aim of the course to afford a sound knowledge of fundamental business facts and principles in addition to such practical training in business methods as a school can furnish. The courses are designed especially for the college student who at the close of his sophomore year desires to secure a more thorough and exact knowledge of the principles, organization, and methods of the commercial, industrial, and financial world than is furnished in other departments of the University, and for those persons already engaged in business who desire to obtain deeper insight into the problems of their respective vocations as well as a broader knowledge of allied fields of business activity. A special object, also, is to lay a thorough foundation for the state examination for the certificate of certified public accountant.

Curriculum. The curriculum consists of a two-year series of courses based upon two years of collegiate study leading to the degree of Bachelor of Science with an additional year leading to the degree of Master of Science, and with further years of study leading to the degree of Doctor of Philosophy. There is also a one-year secretarial course open to college graduates and leading to a certificate.

Bachelor of Science Degree. The work required for this degree consists of two years of college work pursued in an acceptable institution, followed by a program of sixty points in the School of Business, which will ordinarily involve two years of study and is met by completing certain prescribed courses including first year accounting, banking and business, corporation finance, business law, statistics, economic geography, and electives to total the sixty points required for the degree. Students may choose electives from the fields of accounting, advertising, banking, finance, foreign trade and consular service, insurance, labor administration, merchandising, statistics, transportation, and secretarial training. Every candidate for the degree of Bachelor of Science in the School of Business is required to complete a minimum of thirty-six points (of the total of sixty) in regular School of Business courses and must have at least a year of residence in the School of Business to become a candidate for the degree. In satisfaction of the residence requirement a minimum of twelve points for two terms must be completed in regular School of Business courses.

Master of Science Degree. Provision is made for two groups of students who are candidates for the Master's degree: (1) those who, by reason of their training previous to admission to the School of Business, must fulfill a residence of one year (thirty points) for the degree of Master of Science, and (2) those who, also by reason of previous training, are placed on the two-year residence (sixty points) basis, for the Master's degree.

1. Candidates on the Thirty-point Basis. Students must have completed a four-year course leading to a Bachelor's degree in an acceptable college or university. In the apportioning of subjects of study in this four-year undergraduate course at least one-half of such subjects (reckoned on a point basis) should have been academic and at least one-fourth equivalent to those subjects offered in the School of Business for the degree of Bachelor of Science, including particularly the first year foundation courses. Students offering this preparation may receive the degree of Master of Science after the completion of thirty points, i.e., one year of study, in the School of Business. Such students may elect their entire program. Courses numbered over *100* indicate graduate credit and candidates for graduate degrees should elect only courses so numbered.

2. *Candidates on the Sixty-point Basis.* Students must hold a degree from an acceptable college or university indicating the completion of a full collegiate course such as is generally required for the degree of Bachelor of Arts. Such students, who are candidates for the Master's degree who have not had fundamental courses in business, such as accounting, banking, finance, statistics, and marketing, will ordinarily be required to complete sixty points of work, including the fundamental business courses and electives to total sixty points including a minimum of thirty points in graduate courses. This normally represents a residence of two years.

All candidates for the Master's degree must pass a comprehensive oral examination covering the subjects of graduate study, to be given by a committee of the teaching staff. Candidates are also required to prepare a satisfactory essay under the direction of a designated officer of the teaching staff, the subject to be approved at the beginning of the candidate's residence. The essay shall present the results of original investigation.

Doctor of Philosophy. By action of the University Council, students registered primarily in the School of Business may become candidates for the degree of Doctor of Philosphy under the general regulations for that degree which apply in the Graduate Faculties, subject to the approval of the Joint Committee on Graduate Instruction. Candidates for this degree are expected to have had at least three years of previous study in business subjects in an acceptable institution, at least one year of which should have been in graduate work. Properly qualified candidates are required to complete a minimum of thirty points of graduate residence work, including courses in statistics, economic theory, and economic history, in addition to courses in three fields of the student's own choice.

Secretarial Certificate. Candidates for the secretarial certificate are required to complete eighteen points of elective work, plus a course in stenography and typewriting. They are also required to pass a test in English before the certificate can be awarded. This course is open to students who hold a Bachelor of Arts degree from an acceptable institution.

Special and Nonmatriculated Students. Provision is also made for special and for nonmatriculated students. For details concerning these groups, as well as for details concerning admission and requirements for candidates for the various degrees in the School, see the Announcement of the School of Business.

PREPARATION FOR TEACHING

Students in the School of Business who are interested in preparing to teach commercial subjects in secondary and special schools should consult Dean McCrea regarding the program of studies. The program for such students will include courses in business and courses in education elected from the offering of Teachers College. In order to be eligible for teaching credentials of boards of education such students should cover the courses outlined in the Announcement of the School of Business. For details, students are referred to the Announcements of Teachers College and the School of Business.

Candidacy for Degrees. Students intending to apply for degrees must, on or before the dates indicated in the Academic Calendar, pay the required fee and file with the Registrar the application for graduation.

Advanced Standing. Students who apply for admission to advanced standing upon the basis of certificates of transfer from other colleges, should fill out the appropriate application blank, to be obtained from the Secretary of the University and file it with the University Committee on Admissions before August 1 or January 1. Each candidate (whether he has a degree or not) must also present an official transcript of his academic record and a certificate of honorable dismissal together with a marked catalogue of the institution that he leaves, showing the courses he has there pursued, with grades received in each. In no case will the number of advanced credits granted toward the undergraduate degree in business subjects exceed twenty-four points.[1]

Scholarships. A number of scholarships affording financial assistance to needy students are available in the School of Business. All scholarships are intended to be academic honors, and no student may hold more than one scholarship. Unless otherwise indicated, application for award for each year of incumbency must be made on or before March 1, on blanks furnished by the Secretary of the University or by the office of the Dean of the School of Business. Failure to maintain a grade of at least C in all courses taken, or serious academic censure for any cause, will operate to vacate the scholarship before the beginning of the next session. Vacancies may be filled and partial scholarship grants made at the discretion of the Committee.

---

[1] In the discretion of the Dean of the School of Business this rule may be waived, to a maximum of six points, in the cases of those students admitted to the School of Business with entrance deficiencies in academic subjects.

SCHOOL OF DENTAL AND ORAL SURGERY

FACULTY

President Butler.
Dean Rappleye.
Associate Dean Holliday (*Secretary*).

For the Term Expiring June 30, 1938: Professors Berger, Clarke (H. T.), Dunning (H. S.), Gay, Hartman, Karshan, Lieb, Ziskin.

For the Term Expiring June 30, 1939: Professors Bodecker, Crawford, Dunning (W. B.), Gillett, Hellman, McBeath, Williams (H. B.).

For the Term Expiring June 30, 1940: Professors Cahn, Detwiler, Gregersen, Hughes (A. V.), Jobling, Leonard, Waugh.

General Statement. In September, 1916, students in dentistry were admitted to courses in Columbia University at the School of Medicine. On March 5, 1917, the Trustees of the University established a School of Dentistry as of September 27, 1916, and from that date the School became an integral part of the University. On March 1, 1920, the dental building adjacent to the School of Medicine and Vanderbilt Clinic was finished and assigned to the use of this school. On July 1, 1923, the College of Dental and Oral Surgery of New York (organized in 1905) was merged with the School of Dentistry and the combined institutions named the School of Dental and Oral Surgery of Columbia University. By this merger the buildings of the College of Dental and Oral Surgery of New York at 302 East 35th Street were acquired by the University and served to house the School until September, 1928, when the School was again moved to its permanent quarters in the Columbia University-Presbyterian Hospital Medical Center at 630 West 168th Street.

In its present location, the School occupies three floors of the Vanderbilt Clinic wing of the Medical Center and its halls are continuous with those of the College of Physicians and Surgeons and the Presbyterian Hospital. It is furnished with modern dental apparatus and is well equipped for undergraduate teaching in dentistry and dental hygiene, for advanced courses for dentists and for research work. The clinic of the School serves as the dental department of the Medical Center. There is the closest possible connection between the dental department and clinic and the medical departments and clinics of the College of Physicians and Surgeons and the Medical Center in the interest of good teaching, research and service to the patients.

It is the purpose of the School of Dental and Oral Surgery to combine in the highest degree practicable a sound knowledge of the fundamentals of medicine with adequate training in the technical procedures of dental science and art. Three years of college work including certain specified subjects are required for admission and the course in dentistry covers four years. On the completion of his fourth year the student who has had three years of collegiate training may be a candidate for the degree of Doctor of Dental Surgery. Students in Columbia College who elect the combined courses (see page 157) will receive the degree of Bachelor of Arts.

The students of the School enjoy all the privileges open to members of any other department of the University. They may live in the University Residence Halls and are eligible to membership in the various social and other organizations of the student body.

Application. Students should apply by March 1 if possible. All communications should be addressed to the School of Dental and Oral Surgery, 630 West 168th Street, New York City.

Admission. The requirement for admission to the School of Dental and Oral Surgery is attendance for three full years at an acceptable college of arts and sciences, which must include successful completion of the courses required by the New York State Board of Regents as follows: six semester hours of English composition and literature, six semester hours of physics, six semester hours of biology, twelve semester hours of chemistry to include an approved course in organic chemistry. Elective courses should be selected to serve as a comprehensive basis for medical and dental courses.

The courses in physics, chemistry, and biology which are required for admission are represented by the following courses in Columbia College:

1. Elementary physics, including laboratory work, *Physics A1–A2*. At least three lectures and two hours' laboratory work a week for one year.

2. General inorganic chemistry, including laboratory work, *Chemistry 3–4* or *6–7*, organic chemistry, and quantitative analysis. At least two lectures and six hours' laboratory work a week for one year.

3. Biology, including laboratory work, *Zoölogy 1–2*. At least two lectures and four hours' laboratory work a week for one year.

Upon receiving ninety-four points in Columbia College, which is usually possible in three years, a student may take studies in the School of Dental and Oral Surgery provided he can satisfy the stated requirements for admission thereto and may receive the Doctor of Dental Surgery degree on the recommendation of that school upon the satisfactory completion of four years of professional study. Students who take their preliminary education in other colleges than Columbia must also elect as part of their course, physics, inorganic chemistry, organic chemistry, and general biology.

Because a limited number of applicants may be accepted, all who are eligible are requested to report at the Dean's office for a personal interview and an examination as to special fitness. The results of the interview and examination, together with the applicant's entire predental record, are carefully considered by the Committee on Admissions in order to select those who are adjudged most capable of meeting the exacting demands of the course and the profession of dentistry.

Combined Courses. Attention of students who propose to enter the School of Dental and Oral Surgery is called to the program of studies in Columbia College which offers an opportunity to the prospective dental student to take both a collegiate and dental degree in seven years. Upon receiving ninety-four points from Columbia College, sixty-four of which must be for work done in residence, and must include all the work prescribed for the degree of Bachelor of Arts, a student may in his fourth year take studies in the School of Dental and Oral Surgery and receive the degree of Bachelor of Arts from Columbia College upon the satisfactory completion of the year's work. At the end of three additional years in the School of Dental and Oral Surgery the degree of Doctor of Dental Surgery may be conferred. Students desiring to effect this combination of courses should address the Secretary of Columbia University for more complete information.

It is usually possible for a graduate of a registered medical school with the degree of Doctor of Medicine to meet the requirements of the School and receive the degree of Doctor of Dental Surgery by the satisfactory completion of a special two-year course.

Summer Courses. Courses in clinical dentistry without credit are offered to students of the School who have completed the requirements of the third year.

Requirements for Graduation. In addition to complying with the requirements for admission and to completing the required work of the curriculum, each candidate for the degree of Doctor of Dental Surgery must present satisfactory evidence, as required by law, of good moral character, and of having attained the age of twenty-one years. If the candidate shall have been admitted to advanced standing, he must have spent not less than four academic years (no two of which shall have begun during the same calendar year) in approved medical or dental colleges, in the study of the subjects making up the curriculum of the School of Dental and Oral Surgery.

Courses in Dental Hygiene, offered by the School of Dental and Oral Surgery are intended for women who desire to become licensed dental hygienists. The requirements for admission are the qualifying certificate obtained from the Department of Education of the State of New York at Albany, New York, the completion of at least four years of high school work, and the attainment of at least eighteen years of age. Full information may be obtained by addressing Professor Anna V. Hughes, at 630 West 168th Street, New York City.

Postgraduate Instruction. It is usually possible for each division of the School to accommodate two or three dentists who desire to come into the School for study and clinical practice under the regular teaching staff. The School is authorized to grant a certificate of proficiency in dentistry, or in a special branch of dentistry, selected by the candidate, and approved by the Faculty of the School of Dental and Oral Surgery, to graduates satisfactorily completing not less than a year's special work in the clinical branches of dentistry. For further information see the Announcement of the School of Dental and Oral Surgery.

SCHOOL OF LIBRARY SERVICE

FACULTY

President BUTLER.
Dean WILLIAMSON.
Associate Dean SANDERSON.
Professors CLEAVINGER, CURTISS, FAY, HAZELTINE, HUTCHINS, MACPHERSON, MUDGE, REECE, RHODES (*Secretary*), SHAVER, TOMPKINS.

General Statement. The School of Library Service, established in 1926, includes the New York State Library School and the Library School of the New York Public Library which were merged with it at that time. An annual grant was made by the Carnegie Corporation of New York for the Support of the School.

The purpose of the School is to "furnish technical and professional instruction in bibliography, the production, distribution and use of books, library methods, and the organization and administration of libraries and book collections of various types."

Building and Equipment. The School occupies two floors, the fifth and sixth, in South Hall, the University Library building. The records, collections, and teaching equipment of the New York State Library School and the Library School of the New York Public Library were transferred to the School of Library Service.

Requirements for Admission. 1. Candidates for the degree of Bachelor of Science must have an acceptable Bachelor's degree in liberal arts from an approved college or university. In addition they must be (a) at least twenty years of age at entrance and not over thirty-five unless they have been continuously engaged in library work or some similar intellectual pursuit; and (b) able to show evidence of fitness for library work.

2. Candidates for the degree of Master of Science must offer an acceptable Bachelor's degree in liberal arts from an approved college or university; the successful completion of a one-year course in an accredited library school; at least one year's professional experience in an approved library in the field of the major subject; and evidence of fitness to pursue advanced graduate work.

3. Candidates for the certificate must offer a minimum of two years of acceptable work in liberal arts completed in an approved college or university as evidenced by a transcript of the college record. They must satisfy the Dean of the School that they possess the requisite personal qualifications for library work. Considerable experience or present employment in an approved library is ordinarily prerequisite for admission.

Admission to Advanced Standing. Candidates for a degree or for the certificate who have already completed satisfactorily in an accredited library school courses equivalent to those prescribed in the School of Library Service, will be given provisional credit for such courses and permitted, with the approval of the Dean, to substitute therefor other courses offered in the School, in one of the other professional schools, or in one of the Graduate Faculties of Political Science, Philosophy, and Pure Science. Candidates who have had courses or experience which may be considered as equivalent of those given in the School, but for which credit cannot be given, may be permitted by the Dean to take an advanced standing examination to be given during the week preceding the opening of the academic year.

Since a candidate for any degree is required to complete in residence not less than thirty tuition points distributed over a period of not less than one academic year, admission to advanced standing does not operate to reduce the number of points or shorten the period of residence required for the degree.

Admission at Mid-year. Candidates for the degree of Bachelor of Science will not be permitted to enter at the beginning of the Spring Session unless they present satisfactory evidence that they have had courses equivalent to those prescribed for the Winter Session. Candidates for the degree of Master of Science will ordinarily not be allowed to register in the Spring Session for any major course, or other course extending throughout the year, unless they have had the first half as given in the Winter Session.

Application for Admission. Every applicant for admission to courses leading to a degree or to a certificate must file with the Director of University Admissions an application on a blank to be furnished by the Secretary of the University; and an official transcript of the detailed college record. Applications received after June 1 for the Summer Session or September 1 for the Winter Session may fail to receive consideration.

College Course Preparatory to Library Service. The best preparation for library service includes a rather wide range of subjects, and no part of the college course is to be considered prevocational in the narrower sense. Foreign languages, literature, history, economics, sociology, psychology, and the natural sciences are important. A good reading knowledge of French and German is essential. Other modern languages are useful, and some knowledge of Latin is highly desirable. For service in specialized libraries, such as law and engineering, a student should have a thorough preliminary training in the subjects involved.

Registration, Fees, and Loan Funds. For information on these subjects consult the Index.

Scholarships and Fellowships. Three scholarships of the value of $300 each are offered by the New York State Library School Association to candidates for the Master's degree, preference being given to applicants who have taken the first year's work in the New York State Library School at Albany. One scholarship of the value of $300 is offered by the Alumni Association of the Library School of the New York Public Library to a candidate for the Master's degree, preference being given to applicants who have taken the first year's work in the Library School of the New York Public Library.

A student in the School of Library Service is eligible for appointment to a Lydia C. Roberts Fellowship if born in the state of Iowa and graduated from a college or university located in Iowa. For particulars about this fellowship consult the Index.

Curriculum. The curriculum consists of two years of graduate study, the first year leading to the degree of Bachelor of Science, and the second to the degree of Master of Science. A one-year course of study leading to a certificate is open to undergraduates and other qualified persons.

1. *Bachelor of Science.* The first year, leading to the Bachelor of Science degree, offers a general course of study in library methods and technique, and such acquaintance with bibliographical works, methods of research, and the organization and administration of libraries, as will fit the student for service in public, college or university, special and elementary school and junior and senior high school libraries. Those interested in the necessary programs of study should consult the Announcement of the School of Library Service.

2. *Master of Science.* The second year, leading to the Master of Science degree, affords an opportunity for specialization in the more important fields of library service. Each student selects one field in which to specialize, the field chosen bearing some obvious relation to his previous training and experience. For this purpose seven types of library service are recognized: (1) bibliography and reference; (2) cataloguing and classification; (3) public library administration; (4) college and university library administration; (5) school libraries; (6) library work with children; and (7) library school teaching. In addition to his major course, each student is required to include in his program the seminar for candidates for the degree of Master of Science, and to present an essay acceptable to the professor in charge of his major subject and to the Dean of the School. The rest of his program of fifteen points each session will ordinarily be made up of other courses offered in the School, although he may be permitted for special reasons to elect from the other graduate offerings in any department of the University, up to a total of seven points each session. For the complete program of studies for the second year the Announcement of the School of Library Service should be consulted.

3. *Certificate.* The one-year course leading to a certificate is planned to meet the needs of persons actively engaged in library work and unable to leave their posts for a year of full-time study, as well as for those who do not have an acceptable college degree and therefore

cannot qualify for admission to the graduate course. This course is accepted by the New York State Education Department toward meeting the requirements for certification of school librarians and professional workers in public libraries.

Summer Session. The School of Library Service offers through the Summer Session most of its courses leading to the Bachelor of Science and Master of Science degrees, and the certificate, as well as special courses for school librarians and others.

Evening Classes. A few courses in library service are offered in the late afternoon and evening, some of them through University Extension. With approval, these courses may be credited toward degrees and the certificate.

Degrees. The regulations governing the granting of degrees and the certificates are as follows:

1. *Bachelor of Science.* For this degree the satisfactory completion of courses aggregating thirty tuition points, distributed over a period of not less than one academic year or its equivalent, will be required, and in addition the passing of a comprehensive examination in the five prescribed subjects and two major electives.

2. *Master of Science.* For this degree the satisfactory completion of courses aggregating thirty tuition points, distributed over a period of not less than one academic year or its equivalent, and the presentation of an essay acceptable to the professor in charge of the major subject and to the Dean of the School, will be required.

3. *Certificate.* For the certificate, the satisfactory completion of thirty tuition points will be required. In addition, the candidate must pass a comprehensive written examination in five prescribed subjects and two major electives.

Other Degrees. For the degrees of Master of Arts and Doctor of Philosophy students in the School of Library Service must conform to the general regulations for those degrees (see Index).

For full information concerning the School see the Announcement of the School of Library Service. Special folders concerning library service courses in University Extension are also available. All Announcements may be secured from the Secretary of the University.

EXECUTIVE COMMITTEE

Acting Dean Mestre, Professors Davidson, Smith, Obreshkove, Phalen, and Dr. Sanford.

General Statement. This College was founded as St. Stephen's College in 1860. For over seventy-five years it has functioned continuously as an undergraduate college of arts and sciences. In July, 1928, it was incorporated within the educational system of Columbia University as one of its residential colleges for men. By vote of the Trustees in 1934, and upon the adoption of a new educational program, the name of the institution was changed to Bard College, in honor of the founder, John Bard. This change was confirmed by the Regents of the State of New York on March 15, 1935.

Admission. The admission requirements of Bard College are equivalent to those of the other undergraduate colleges of the University. Applications for entrance should, however, be sent to the Director of Admissions, Annandale-on-Hudson, New York. The Faculty sets its own entrance requirements, which are administered under the direction of the Director of University Admissions. In satisfaction of its requirements, the College will accept the certificate of the College Entrance Examination Board, or college entrance certificates of the Regents of the University of the State of New York. Certificates from secondary schools may be accepted, if the schools are recognized as of good standing. A test of general intelligence or scholastic aptitude is also applied to candidates. Guidance tests are given to entering students in various subjects, and the College reserves the right, if these tests show a student to be lacking in excellent preparation in any subject for which certificates have been accepted for entrance, to require such additional work as may be deemed advisable, without credit.

In accordance with state regulations, fifteen college entrance units must be offered. It is recommended that three shall be in English, two in a modern language, and at least two in some field in which distinctive achievements have been made. The rest may be in the following subjects: Latin, Greek, French, German, Spanish, mathematics, history, physics, chemistry, biology, zoölogy, botany, physical geography, civil government, economics, or theory and practice of music, dramatics, or art. For further particulars in regard to entrance consult the Announcement of Bard College.

Advanced Standing. Students from colleges of similar grade will be admitted, without examinations, to such classes as their previous records warrant. Students desiring to be admitted by transfer must submit a certificate of honorable character from the institution which they have been attending.

Late Entrance. No student may be admitted after the second week of the semester.

Fees. The fees at Bard College are as follows: for tuition, $700 for the year; for board, $300 for the year; and for room, $200 for the year. There is an entrance examination fee of $10 for new students and a graduation fee of $10 for seniors.

Requirements for the Degree. Candidates for the degree of Bachelor of Arts must complete the equivalent of 128 semester hours of college work, meeting such standards of achievement as the Faculty shall determine.

The curriculum is individually prescribed under the general regulation that each student chooses a major field of concentration and two related fields of study. At the end of the sophomore year each student is required to meet the sophomore moderations, at which time he is expected to qualify in his major field and pass examinations in English and in either French or German. At the end of the senior year, each student is required to meet the senior comprehensives at which time his record of achievements throughout his college career is reviewed and evaluated by the Faculty.

Preparation for Professional Study. The curriculum of the College makes possible effective undergraduate preparation for the graduate schools or for professional schools in medicine, law, journalism, business administration, theology, or education. In general, no attempt is made to prepare students for such graduate or professional work in less than four years, although students of unusual ability and broad preparation may be permitted to take their senior year in an approved professional school.

UNION THEOLOGICAL SEMINARY

The relation between Columbia University and Union Theological Seminary is educational and not fiscal. Each institution has its own Board of Trustees and its own President. The President and two elected representatives of the Seminary Faculty have seats on the University Council and certain members of the Faculty of the Seminary sit on the University Graduate Faculties of Political Science and Philosophy.

Students from Union Theological Seminary, which requires for entrance graduation from a recognized college, are permitted to take work in the Graduate Faculties of the University and pay their fees to Columbia University, and students in the Graduate and professional Faculties of the University are admitted to courses in Union Theological Seminary and pay their fees to Union Theological Seminary. Undergraduates in Columbia College who have completed three years of work in a pre-theological program of studies may take the fourth year in Union Theological Seminary and on the successful completion of that year they may receive the Bachelor of Arts degree from Columbia College.

Union Theological Seminary does not grant the Master of Arts degree but recommends to the Council and Trustees of Columbia University students to receive the Master of Arts degree in the literature and religion of the Bible, the comparative study of Christianity and other religions, and in Christian education.

Candidates for the Master of Arts degree in the Graduate Faculties are permitted to offer toward the required year of residence, defined as thirty points, fifteen points taken in courses in Union Theological Seminary when approved by the Dean of the Graduate Faculties and the several departments involved. Work represented by these points may not be counted toward a degree in Union Theological Seminary. Candidates for the Doctor of Philosophy in the Graduate Faculties of Columbia University may offer as one of the two required years of residence the Bachelor of Divinity degree from Union Theological Seminary, or the Master of Arts degree in the literature and religion of the Bible, in the comparative study of Christianity and other religions, or in Christian education. This provision does not apply to the degree of Master of Sacred Theology. Candidates who offer neither of these degrees in part fulfillment of the residence requirement for the Doctor of Philosophy degree may offer fifteen points of courses in the Seminary under the conditions above set forth as applicable to the Master of Arts degree.

Seminary students working under the direction of the Department of Religious Education at the Seminary may become candidates for the degree of Doctor of Philosophy. Work toward this degree may include courses both in the Seminary and at Teachers College subject to the limitations above set forth. Members of both faculties share responsibility for the candidate's work upon his dissertation.

Students who are interested in the philosophy and history of religion and who have already undertaken elementary work in this field may offer themselves as candidates for the Doctor of Philosophy degree in the history and philosophy of religion which is jointly under the jurisdiction of the Department of Philosophy of Columbia University and Union Theological Seminary. Work leading to this degree may be taken either in the Seminary or in Columbia University subject to the limitations above set forth.

Special regulations governing work for the degrees indicated above are found in the appropriate Announcements published by Union Theological Seminary and Columbia University.

NEW YORK POST-GRADUATE MEDICAL SCHOOL

COMMITTEE ON ADMINISTRATION

Director Rappleye (*Chairman*).
Assistant Director Russell.
Professors Cohen, Dannreuther, DeSanctis, Joughin, Lough, MacKee, MacNeal, Macpherson, Meyer, Moorhead, Ogilvy.
Delegate to the University Council (see page 8).

Historical. On April 4, 1882, a meeting was held at the office of Dr. D. B. St. John Roosa and steps were taken that led to the founding of the New York Post-Graduate Medical School and Hospital. The School was incorporated under the general law, and the introductory exercises, under Dr. Roosa as President, were held in Chickering Hall, November 4, 1882. The first lecture was given at the School on November 6, 1882. In 1884 a building was secured for the purpose of having a dispensary and hospital associated with the School, and wards were opened for men, women, and children, and an out-patient department established. In 1886 the institution secured a special charter from the state, establishing a school "for the further instruction of persons already possessing the degree of doctor in medicine." On January 1, 1930, the Reconstruction Hospital at 100th Street and Central Park West became a teaching and hospital unit of the Post-Graduate. On January 14, 1931, an agreement was signed, effective July 1, 1931, whereby the New York Post-Graduate Medical School received the status of a University school in the educational system of Columbia University through representation on the University Council.

Location and Equipment. The New York Post-Graduate Medical School began its activities in the College of Pharmacy building on East 23d Street. In 1884 a new building was secured at 226 East 20th Street, and in May, 1894, a six-story building at the corner of Second Avenue and 20th Street was occupied. On January 11, 1912, the Frederick C. Hewitt Building was added to the existing plant and on January 22, 1925, the McKernon Building was formally opened, which at the present time houses the office of the medical school, the library, and teaching clinics. From time to time buildings contiguous to the Post-Graduate property have been purchased for the institution's work, until at the present time the School and Hospital occupy a group of buildings on the block bounded by Second Avenue, East 20th Street, and East 21st Street.

Educational Policy. Under the auspices of Columbia University, the New York Post-Graduate Medical School and Hospital is organized to provide opportunities for graduate physicians to improve their knowledge of and skill in the practice of medicine.

Organization of Courses. 1. Courses for the General Practitioner. Full-time courses, lasting from one week to three months, are offered in the following subjects: dermatology and syphilology, endocrinology, gynecology, medicine, occupational disease, orthopedics, pathology and bacteriology, pediatrics, surgical diagnosis, and trauma. Part-time courses are provided in dermatology and syphilology, gynecology, medicine, neurology and psychiatry, ophthalmology, and otolaryngology. Extramural instruction is offered to matriculates enrolled in the School, by several hospitals in Greater New York which have extended the privilege of teaching in their wards to members of the Post-Graduate staff.

2. *Courses for the Specialist.* Courses in subjects of interest and value to the specialist are provided in the following departments: Dermatology and Syphilology, Gynecology, Ophthalmology, Orthopedic Surgery, Otolaryngology, Pathology and Bacteriology, Radiology, Surgery, and Traumatic Surgery. The program of study for physicians in this category is

flexible in order to meet the special needs of the individual concerned. Registration is limited to those specialists who have had adequate preliminary training and experience.

Training of the Specialist. The training provided as preparation for a specialty is restricted entirely to the residencies in the hospital in the several limited fields of practice, with the exception of the training offered by the Department of Dermatology and Syphilology.

Admission Requirements. Registration is limited to physicians in good standing who are licensed to practice medicine and who are graduates of medical schools approved by Columbia University.

Tuition Fees. All tuition fees are payable in advance at the time of registration. In certain instances, deposits will be required a month in advance of the formation of a class. Where the attendance is limited and where a place in the course has been reserved, this deposit will not be returned to the candidate who fails to attend. He may, however, attend at a later time, and his original deposit will be accepted as part payment. A refund will not be made to a physician who fails to complete the course in which he has enrolled. The privilege will be granted him of completing the course at a later date.

Checks and money orders should be made payable to the New York Post-Graduate Medical School.

Library. A medical library is maintained in the medical school building for the use of the matriculates and the teaching staff. The outstanding medical journals of this country and many foreign journals are available. Recent textbooks and monographs on special topics are provided. The library is open from 9 a.m. until 9 p.m. on week days, and on Saturdays from 9 a.m. to 5 p.m. (except during the summer months).

Hospital Facilities. The New York Post-Graduate Hospital is a general hospital of 410 beds. During 1937 there were 9,554 in-patients admitted on all services.

The out-patient service is particularly active, and is notable for the variety of clinics. The total number of new visits in 1937 was 61,820 and revisits 276,948.

The departments represented in the hospital service are internal medicine, general surgery, genito-urinary surgery, gynecological surgery, orthopedic surgery, traumatic surgery, otolaryngology, oral surgery, pediatrics, neurology, ophthalmology, and dermatology.

The Hospital maintains complete laboratories of roentgenology, pathology, bacteriology, biochemistry, and basal metabolic determinations, in all of which routine investigation and research are actively carried on. A laboratory for the making of electrocardiograms is located near the medical wards. Clinical laboratories for special study have been established in a number of departments.

The Reconstruction Hospital at 100th Street and Central Park West has fifty beds available for accident cases and conditions arising out of injury or disease. A complete department of physical therapy is in operation, and instruction is given in this branch in conjunction with seminar courses in orthopedic and traumatic surgery.

The affiliation of the Stuyvesant Square Hospital (formerly the New York Skin and Cancer Hospital) with the Post-Graduate, September 1, 1934, greatly increased the out-patient department facilities in dermatology. In-patients are hospitalized at the Post-Graduate, and the Stuyvesant Square Hospital building has been converted into an out-patient skin and cancer clinic. The two properties occupy adjacent blocks fronting on Second Avenue between East 19th and East 21st Streets, giving easy access by Faculty, patients, and students.

UNIVERSITY EXTENSION

ADMINISTRATIVE BOARD (See page 15)

General Statement. University Extension is defined by the University Statutes (Section 250) as "instruction given by University officers and under the administrative supervision and control of the University, either away from the University buildings or at the University, for the benefit of students not able to attend the regular courses of instruction."

Under the terms of this statute, the University has organized two divisions of instruction which form a large department of adult education. On the one hand, class instruction through University Classes offers full credit for qualified students, and may lead to degrees or certificates through the various schools. Appropriate instruction is, moreover, available to students not interested in academic recognition. On the other hand, University Extension has organized and maintained the Institute of Arts and Sciences for general intellectual advancement.

Students. University classes are open to men or women who can give only a portion of their time to study and who do not look forward to an academic degree, and to those who desire to qualify themselves to attain academic recognition in the future involving acceptance of work satisfactorily completed in these classes. Students in University Classes who have completed the academic requirements for admission to the several professional schools and who have passed acceptable courses may receive advanced standing credit in these schools.

Courses of Instruction. With the approval of the University Council, University Classes may count for residence credit toward the degrees of Master of Arts and Doctor of Philosophy. Candidates for such degrees are under the jurisdiction of the Graduate Faculties of Political Science, Philosophy, and Pure Science and are subject to the specific requirements for these degrees which are stated in the divisional Announcement of these faculties.

University Classes are coördinated in many instances so as to form the first years of collegiate and professional study. Thus students may enter courses which are generally offered in the freshman, sophomore, and junior years of college, and these courses may afterward be accepted upon admission to Columbia College or other undergraduate institutions for credit toward the degree of Bachelor of Arts.

A complete program of studies is offered for students employed during the day who expect to enter later the School of Engineering. In addition, various courses in the field of engineering are offered for mature students not seeking academic credit. The School of Engineering through its various departments offers graduate courses which may be attended by properly qualified evening students.

A program of professional study is offered during the day and evening leading to the certificate of proficiency in landscape architecture. This training supplemented by practice in landscape architects' offices qualifies the graduate for independent practice in his profession. Courses of general and technical nature are offered in architecture. They are open to all who possess the qualifications to pursue the work with success.

To meet the demands of a modern art curriculum, comprehensive courses are offered in drawing, painting, sculpture, and commercial art. They are open to professional students and others who seek general or special training in these and related subjects. Full-time and limited courses are available. The studios are open throughout the day and evening to full-time students and at scheduled hours to part-time students. Periodic visits are made to galleries and studios in the city, and well-known artists are invited to the University studios as visiting critics. At the close of the year representative work of the students in drawing, painting, sculpture, and commercial art is shown in a public exhibition held in the studios.

Courses in agriculture are open to students who desire to take courses in this subject with or without credit. These courses may also, with the approval of the Committee on Instruction, form part of the curriculum leading to the degree of Bachelor of Arts for students of Columbia College.

Evening classes in business are open as individual courses or they form two two-year series of thirty-six points each and two four-year series of seventy-two points each, leading to a preliminary and a final certificate in general business, and a preliminary and a final certificate in accounting. The course in accounting is useful in preparing for the state examinations for the certificate of certified public accountant. Students in University Classes who have completed the academic requirements for admission to the School of Business and who have passed acceptable business courses, may receive advanced standing credit in the School of Business for such courses to a maximum of twenty-four points.

A series of courses in secretarial studies leading to a certificate and intended to equip students for the position of private secretary is also offered. The curriculum normally requires two years. A circular describing these courses will be mailed upon request.

Many courses are offered which aid a student to prepare for entrance to the professional schools or to complete his preparations for Columbia College. Students wishing to take work in University Classes with the purpose of fulfilling the requirements for the qualifying certificates required by the University of the State of New York for admission to certain professional courses will find suitable courses which will assist them.

A group of courses is offered in creative writing and dramatic arts planned to be of service to students who wish to heighten their appreciation of literary and dramatic forms through actual practice in the composition of those forms, to students who seek through the practice of literary and dramatic forms a freer self-expression, and to students who look forward to professional writing for publication or for the stage as a career.

The various courses in dramatic arts are coördinated in the work of The Morningside Players. This organization is a practical workshop for all drama students. Each year the players produce a minimum of four full-length plays written in the classes in play writing. These productions are designed and executed by the students under the supervision of the director.

The Writers Club was organized in 1923 to form a meeting point for all students and teachers at Columbia who were interested in creative writing. The club meets once or twice a month during the academic year to hear shop talks on various phases of the art of writing by professional writers, editors, and producers.

Recognizing the growing serious interest in the motion picture as a new and vital mass art form that is profoundly characteristic of our time, University Extension has established a new division for the study of motion pictures to be known as Film Study. It will be within the province of this division to further in every possible way the development of motion picture study and appreciation—to arrange discussions and illustrated lectures, to present special showings of films, to coördinate such work in the field of the motion picture as is now being done in various parts of the University and to act as a clearing house of information for those departments, and to coöperate actively with other organizations and groups, both academic and nonacademic, that have similar aims.

Teachers College offers in coöperation with University Extension a number of technical courses in the various fields of practical arts: i.e., cooking, clothing, fine arts, music, hygiene, and physical education. In many of the courses the instruction is the same as that given in the regular classes. In other cases, special classes are organized to meet the needs of those desiring instruction in practical arts for use in the home. Teachers College also offers a number of its regular courses at hours which are convenient for teachers and other workers in service. An Announcement of these afternoon, evening, and Saturday courses may be obtained from the Secretary of Teachers College.

A large number of other courses in varied subjects are given late in the afternoon and on Saturday, which repeat those in liberal studies offered in the schools of the University. These are given in the same manner and often by the same instructors as the regular courses. In most instances credit may be granted by the various schools of the University.

Evening courses in religious education for church school workers are offered in coöperation with the Department of Religious Education of the Greater New York Federation of

Churches and the Brooklyn Sunday School Union at centers so arranged throughout the different boroughs of the city as to be readily accessible to any one.

Short courses for qualified graduates in medicine are offered by the School of Medicine in coöperation with University Extension at the Columbia-Presbyterian Medical Center, Bellevue Hospital, Broad Street Hospital, Neurological Institute, New York State Psychiatric Institute and Hospital, Margaret Hague Maternity Hospital, Montefiore Hospital, The Mount Sinai Hospital, Hospital for Joint Diseases, Lenox Hill Hospital, Manhattan Eye, Ear and Throat Hospital, New York Post-Graduate Hospital, St. Luke's Hospital, and Woman's Hospital. These courses are described in separate Announcements.

In response to popular demand, courses of collegiate grade are given in Newark, New Jersey, in the rooms of the Young Women's Christian Association, 53 Washington Street.

Numerous courses are given at various other centers. These are either regular courses of collegiate grade or short lecture courses without academic credit.

Appropriate University Classes are organized at the request of business firms to assist their employees to meet the growing need for better self-expression in business and professional contacts. This means that a corporation with a sufficiently large personnel may organize its own class of not less than twenty members. The instructor from Columbia meets the group in a classroom furnished by the corporation once each week during the college session and the course is adapted to the occupational needs of the group.

Lecture-study courses in certain subjects forming fifteen or thirty lectures alternating with quiz or conference hours are given at Morningside Heights and at centers when requested.

Registration. Students who expect to attend University Classes at Morningside Heights are required to register at the office of the Registrar, University Hall. A student registers for the Winter Session and is required to renew his registration in person at the beginning of the Spring Session.

Matriculated students in the various schools of the University will be allowed to attend University Classes in accordance with the regulations of the several schools; they must, however, register and pay the fees in the same way as other students in the several schools.

Fees. All students matriculated or nonmatriculated, admitted to University Classes, must pay at the time of registration the fees determined by the Administrative Board. The fees for credit courses are determined at the rate of $12.50 per point, i.e., for one hour per week of classroom work, or two hours of laboratory or drawing room work, through one session; noncredit and pre-collegiate courses are $10 per point, except in cases where a special fee is fixed. All students must pay a single University fee for each session or any part thereof; for six points or less, $5.00; for more than six points, $10. Men students taking twelve points of academic work are entitled to the privileges of the University Gymnasium; those taking eight points, may use the Gymnasium at specified hours.

Residence Halls. All students registered in University Classes regularly pursuing their courses of study are eligible for residence in the University Residence Halls. All women students under twenty-three years of age who are not living at home are required to live in a Residence Hall, or to obtain permission to do otherwise from one of the Advisers of Women.

Degrees. Courses approved by the Committee on Instruction in Columbia, Barnard, and Teachers Colleges are credited for matriculated students toward the degrees of Bachelor of Arts and Bachelor of Science, toward the diplomas in Teachers College, and toward degrees in other professional schools in accordance with the regulations established by the various faculties. The credit given for the various courses will be found in the Announcement of University Classes.

Courses may also lead to the Bachelor of Science degree in general studies for students who obtain the approval of the Committee of the Council on University Undergraduates.

Courses which have been approved by the Graduate Faculties and by the Executive Committee of the University Council may be counted in part fulfillment of the residence requirements for the degrees of Master of Arts and Doctor of Philosophy, and in the School of Business for the degree of Master of Science, subject to the rules governing these degrees as defined in the departmental Announcements.

Admission. No examination is required for admission to University Classes. Students must be at least eighteen years of age and the sole condition of admission is that they possess ability and qualifications to pursue the work with success. It is expected that prospective students in all collegiate and professional courses shall have had a full secondary school education. The courses are open, unless it is otherwise stated, to both men and women.

Location. Intramural collegiate and professional courses are given at Morningside Heights. Extramural courses are given at the New York Chapter of the American Institute of Banking, Woolworth Building, 233 Broadway; in the rooms of the Young Women's Christian Association, 53 Washington Street, Newark, New Jersey; and at centers where there may be sufficient demand.

For detailed information as to the places and hours for these courses, the qualifications for admission, the regulations for registration, candidacy for degrees, diplomas, attendance, and examinations, the fees prescribed, and for a statement of each course offered, see the Announcement of University Classes and the special circulars announcing courses given at the various extramural centers. These circulars may be obtained without charge upon application to the Director of University Extension.

Institute of Arts and Sciences. The Institute of Arts and Sciences forms the nonacademic division of University Extension. The aim of the Institute is to provide a popular program of general lectures and events of a cultural nature. Meetings are held each evening (except Sundays and holidays) and on occasional afternoons.

The program is planned for busy men and women. Its scope includes single lectures and short series of not over six lectures on history, literature, art, music, geography, science, and on current economic and social problems; it comprises also illustrated travel lectures, recitals, dramatic readings, and vocal and instrumental as well as chamber music concerts.

The program is subscribed for as a whole. The annual subscription of $15 ($25 for two persons at one address) admits one to the entire program of more than one hundred lectures, readings, concerts, recitals, etc., throughout the season. The program continues from October to April. There is no registration fee and there are no entrance requirements.

The Institute Concert Series comprises six outstanding musical events by world-famous artists. Tickets for these concerts are available to Institute members at special prices.

The Institute meetings are held in McMillin Academic Theater, corner of Broadway and 116th Street. Memberships are accepted at any time and are good for one calendar year.

OFFICERS OF INSTRUCTION

§60. Attendance. Officers of instruction shall be required to be in attendance at the University during the entire academic year, unless excused by the President or absent on leave.

§61. Appointments. Appointments of all officers of instruction, other than professors, associate professors, and assistant professors, shall be made by the Faculties severally of

Columbia College or of the school in which such officers are primarily to serve, subject to confirmation by the Trustees; except that to fill vacancies in such offices caused by death, resignation, or any emergency, the President may make appointments subject to like confirmation. The number of such officers and the amount of their compensation shall be determined in advance by the Trustees.

§62. Grades of Office. The following grades of office shall be recognized in all appointments as ranking relatively to each other in the following order: professor, associate professor, assistant professor, associate, instructor, assistant. Lecturers and curators may also be appointed.

An associate is an officer appointed for a term of years or at the pleasure of the Trustees to give a limited amount of instruction upon a special subject.

An instructor is an officer to whom is assigned independent teaching or the conduct of laboratory work or of classes, under the direction and supervision of an officer of higher rank.

A lecturer is an officer whose connection with the University is temporary or whose service is discontinuous.

A curator is an officer having charge of collections and such advanced instruction and research as may from time to time be designated.

An assistant is an officer who, either in a laboratory or in connection with classroom work, lectures, or seminars, assists the officer in charge of a given course, but to whom independent instruction is not regularly assigned.

In the case of officers giving instruction in medicine, the word clinical shall be attached to the title of those who give instruction in hospitals or elsewhere than at the college itself.

§63. Precedence. The officers of instruction shall take precedence in their several grades according to the dates of their respective appointments.

§64. Salaries. The salaries of officers of instruction rendering full-time service shall normally be fixed in accordance with the following scale, it being expressly understood that the right is reserved to treat exceptional cases in exceptional ways, and that in fixing salaries in particular instances full account will be taken of teaching effectiveness, scholarly productiveness, and academic usefulness:

Professors	$7,500–$12,000
Associate professors	5,000– 6,000
Assistant professors	3,600– 4,500
Instructors	2,400– 3,000
Assistants	1,000– 1,200

The provisions of this section shall not be deemed to apply to clinical teachers in the Medical School, or to officers of instruction in the School of Dental and Oral Surgery, in Barnard College, Teachers College, in the College of Pharmacy, or in St. Stephen's College.

§65. Unofficial Employment. No officer of instruction shall be employed in any occupation which interferes with the thorough, efficient, and earnest performance of the duties of his office. No officer of instruction, in any opinion or certificate which he may give as to the merits or claim of any business undertaking or of any scientific or practical invention, shall use the official title of the University, or of any of its parts, or refer to his professional connection therewith, without the approval of the Trustees.

§66. Leave of Absence. Each professor, associate professor, and assistant professor who has been appointed to serve during the pleasure of the Trustees, and each assistant professor not so appointed having first had three years of service as such, shall be entitled once in every seven years to a leave of absence of one year on half pay, or to a leave of absence of one half year on full pay; such period to count as service to the University; and the President shall adjust such leaves of absence.

§67. Retirement. Any professor, associate professor, assistant professor, or officer of administration of equivalent rank and salary, appointed by the Trustees to give full-time service in the University, and who was in service before July 1, 1917, shall be entitled to the privilege of retiring and disability allowances as follows:

a. Any such officer of administration or instruction who, having been not less than fifteen years in the service of the University, is more than sixty-five years of age may, at his own request, signified to the President in writing, or upon the motion of the Trustees, be retired from active service at the beginning of the next succeeding academic year.

b. Any such officer of administration or instruction who, having been not less than twenty-five years in the service of the University, after competent medical examination shall be adjudged unfitted by reason of disability for further work as a teacher or administrative officer, may, at his own request, signified to the President in writing, or upon the motion of the Trustees, be retired from active service at the beginning of the next succeeding academic year.

c. Officers of administration and instruction who may be retired under the provisions of this section by reason either of age or of disability, and the widows of officers who have been so retired, or who were at the time of their death eligible for such retirement, will receive, by reason of the recognition of the University as an institution associated with the Carnegie Foundation for the Advancement of Teaching, retiring allowances fixed at such amounts as the rules of the Carnegie Foundation may from time to time prescribe.

Officers of administration and instruction whose term of service began before July 1, 1917, and whose expectations under this section have been reduced by the changes in the rules of the Carnegie Foundation for the Advancement of Teaching which became effective on May 1, 1929, may supplement such allowance by a contributory annuity in accordance with the plan provided by Section 68, purchased by the payment by the University of an amount equal to 5 per cent of the annual salary of the officer, beginning July 1, 1929, on condition that the officer himself shall make a like payment. The obligation of the officer and the University in connection with such policy shall cease whenever the total retiring allowance available at the age of sixty-five as a result of the provision of the Carnegie Foundation, the supplement provided by the Carnegie Corporation, and the product of the annuity, shall reach $4,000.

Officers of administration and instruction who accept the provisions of this section shall be entitled to a total retiring allowance beginning at age sixty-five equal to one-half the average salary of the five years preceding retirement, plus $400, but not exceeding a maximum of $4,000 in any case. In case the joint payments of the officer and the University at the rate of 10 per cent of the officer's salary are not sufficient to produce at age sixty-five the allowance provided by this section, the University will make such additional payments as may be necessary to provide that allowance.

In case service is continued beyond age sixty-five the joint contributions shall continue until retirement or until payments already made will provide the allowance to which the officer is entitled.

Those officers of instruction and administration who do not accept the contributory plan for supplementing the Carnegie Foundation allowance as provided by the 1929 rules of the Foundation shall receive from the University supplements sufficient to provide total retiring allowances in accordance with the rules of the Carnegie Foundation as in effect from 1922 to 1929 (one-half of active pay based on average salary for the last ten years of service; maximum allowance $3,600 available at seventy and reduced in case of earlier retirement by one-fifteenth for each year by which that age is anticipated).

A widow who has been for ten years the wife of an officer who at the time of death was in receipt of a retiring allowance or who at the time of his death was eligible to a retiring allowance on the basis of age or who had had twenty-five years of service as professor or thirty years as instructor and professor, shall be entitled to a total pension of not less than one-half the total retiring allowance which her husband was receiving or to which he was entitled, provided that if he was receiving a retiring allowance at the time of his death he shall have exercised the appropriate option in reference to such portion of his total allowance as is derived from deferred annuity policies, to continue the allowance to his widow.

In the case of officers of administration and instruction for whose salaries either Barnard College, Teachers College, or the College of Pharmacy is responsible, the retiring allowances provided in this section will be paid only in case the cost thereof is assumed by that corporation included in the educational system of the University which has been responsible for the salary of the officer in question while in active service.

d. The term "officer of administration or instruction" as used in this section, shall be construed to include all officers of administration and instruction who are entitled to retiring allowances under the rules of the Carnegie Foundation for the Advancement of Teaching, so far as these apply to officers whose term of service began before July 1, 1917. In estimating length of service, years of service in other institutions that were on the associated list of the Carnegie Foundation for the Advancement of Teaching before July 1, 1917, shall be included.

e. No retiring allowance will be granted except by action of the Trustees taken either upon their own motion or at the request of the person for whom an allowance is desired.

§68. ANNUITIES. Any professor, associate professor, assistant professor, or any instructor who receives an annual salary of $1,200 or more, and who has been at least three years in the service of the University, or any officer of administration of equivalent rank and salary, appointed by the Trustees to give full-time service in the University and whose term of service began on July 1, 1917, or thereafter, shall be entitled to the privilege of an annuity in accordance with the plan adopted by the Carnegie Foundation in coöperation with the Teachers Insurance and Annuity Association of America, a corporation organized under the laws of the state of New York, as follows:

a. In the case of every such officer appointed by the Trustees for a term of service to begin on July 1, 1917, or thereafter, the University will pay annually to the Teachers Insurance and Annuity Association of America an amount equal to 5 per cent of the annual salary of such officer, on condition that the officer himself shall make a like annual payment; provided that in case of an officer whose salary is paid in whole or in part by Barnard College, Teachers College, the College of Pharmacy, or St. Stephen's College, the funds for the payment to the Teachers Insurance and Annuity Association, or a proportionate part thereof, shall be provided by that corporation in the educational system of the University which is responsible for the salary of the officer in question. By reason of these payments, every officer of administration or instruction and his family will receive the benefits and protection provided by the Teachers Insurance and Annuity Association of America in accordance with the contracts thereof.

b. In the case of new appointments, promotions, and increases of salary after July 1, 1930, participation in this retirement provision shall be a condition of such appointment, promotion, or increase of salary for all full-time officers of professorial grade, including administrative officers having a salary equal to the minimum salary of an assistant professor.

c. The University reserves to itself the right to apply to the Carnegie Foundation to authorize exceptions to this rule for special cases which may from time to time arise, and when the Executive Committee of the Carnegie Foundation shall decide that special conditions warrant such an exception this shall relieve the University from further obligation as to these cases.

d. When the annuity available at the age of sixty-five, as a result of the joint contributions already made by the University and an individual officer of administration or instruction, shall reach $4,000 annually, all further obligation of the University or the officer in such case shall cease.

e. For officers of administration or instruction described in this section, disability allowances will be provided by the Carnegie Foundation in accordance with its rules as announced in the document entitled "Rules for the Admission of Institutions and for the Granting of Retiring Allowances, 1922."

f. For officers of administration or instruction described in this section, retirement from active service may be granted either upon the request of the officer concerned, signified to the President in writing, or upon the motion of the Trustees, at any time after the officer has reached the age of sixty-five years.

g. Officers of administration or instruction as described in this section, and all other officers of the University who wish to secure individual insurance through the Teachers Insurance and Annuity Association of America, are privileged to do so by reason of their appointments in Columbia University.

h. Upon the written request of any officer of administration or instruction who is entitled to the privileges named in this section (68), the University will deduct 5 per cent from his stated salary payments and pay the same on his behalf to the Teachers Insurance and Annuity Association of America.

i. No officer will be retired under the provisions of this section except by action of the Trustees taken either upon their own motion or at the request of the person who desires to retire.

§69. Officers of administration or instruction who have been retired from active service shall have no stated duties unless otherwise authorized by the Trustees. Such officers may be invited by the Trustees to render part-time academic service or to carry on, direct, and stimulate research in their chosen fields. They shall retain their academic relationship and their names shall be included in the official lists of the Faculties.

Application, on a blank prepared for the purpose, must be filed with the Secretary of the University; for fellowships and graduate scholarships on or before March 1, for other scholarships on or before May 1. Applications and documents received in support thereof later than these dates, or not distinctly indicating the name of the candidate and the fellowship or scholarship for which he applies, may fail of consideration. As an evidence of graduation, a printed certificate is preferable to the formal diploma itself, as there is risk that the latter may be lost or injured in transit.

The appointment is in each case for one year dating from July 1. The fellowship or scholarship is not available for the Summer Session or in University Extension. It may be canceled at any time if the student fails to maintain a satisfactory academic standard. Candidates will be notified as promptly as possible as to the success of their applications. If the applicant wishes the documents which he has submitted returned to him by mail he should inclose postage for the purpose. Documents will not be preserved for more than one year from the date of application.

Fellows and Scholars are required to register not later than the date specified in the Academic Calendar; failure to do so may be considered as vacating the fellowship or scholarship.

Unless otherwise provided, all stipends of Fellows and Scholars are paid in semiannual installments on the second Wednesday of each Winter and Spring Session. Fellows and Scholars are required to pay the prescribed University, tuition, and degree fees.

All Fellows and Scholars, except as hereinafter provided, shall reside in New York City or its vicinity during the academic year, unless permission be granted to study elsewhere. No University Fellow or University Scholar, as such, may pursue a professional or technical course of study during his term.

A list of the fellowships, scholarships, and prizes awarded in Barnard College on the Barnard College foundations and in Teachers College on the Teachers College foundations will be found on pages 325 and 326 of this Catalogue. A full description of the terms upon which appointments are made will be found in the Announcements of these colleges.

The conditions upon which the appointments are made are indicated in the following paragraphs.

UNIVERSITY FELLOWSHIPS

Twenty-six fellowships, known as University Fellowships (eighteen under the Graduate Faculties of Political Science, Philosophy, and Pure Science, five in law, one in architecture, and two in business) are awarded annually by the University Council to graduates of colleges and scientific schools who show themselves especially fitted to pursue courses of higher study and original investigation. The candidate must give evidence of a liberal education, such as a diploma from a college or scientific school of good repute; of decided fitness for a special line of study, such as an example of some scientific or literary work already performed; and of upright character, such as a testimonial from some instructor.

A Fellow may be appointed for reasons of weight, but not for more than two terms of one year each. Vacancies will be filled in the same manner in which original appointments are made.

Every University Fellow will receive an annual stipend not exceeding $1,500. He will be required to pay the University and tuition fees prescribed by the Statutes.

These fellowships are awarded as honors, and those who are disposed, for the benefit of others or for any other reason, to waive the pecuniary emolument, may do so, and still have their names retained on the list of Fellows. In such cases additional University Fellows may be appointed. Each Fellow is expected to perform such duties as may be allotted to him in connection with a course of study leading to the degree of Doctor of Philosophy. He is expected to devote his time to the prosecution of special studies under the direction of the department of his major interest, and before the close of the academic year to give evidence of progress by the preparation of a thesis, the completion of a research, the delivery of a lecture, or by some other approved method. No Fellow shall be allowed to accept remunerative employment or to give instruction or assistance in any department of the University except by permission of the President, and the acceptance of any such employment, without such permission, shall operate to vacate the fellowship.

SPECIAL FELLOWSHIPS

Unless otherwise specified, the regulations as to the method of application for the special fellowships listed below, and conditions governing their award and tenure are the same as those for University Fellowships. Candidates should indicate clearly upon their application blanks the fellowships for which they are applicants.

ALUMNI FEDERATION OF COLUMBIA UNIVERSITY

The purposes of the Alumni Federation, which was incorporated in 1916, are to advance the interests and promote the welfare and prestige of Columbia University and its alumni. This it endeavors to accomplish by encouraging and assisting efficient organization of alumni bodies; by forming and assisting new associations and local Columbia alumni clubs in various large cities of the world; by disseminating among alumni and the general public through an official publication or by moving pictures or otherwise accurate information about alumni and University affairs; by providing a recognized channel of communication between students, alumni, and University officers; by keeping the alumni informed concerning undergraduate life and activities; and by providing the machinery to nominate Alumni Trustees and to operate the annual Columbia Alumni Fund.

All members of the alumni associations of the various schools maintained by the Trustees of the University if affiliated with the Federation are *ipso facto* Association members of the Federation, and any alumnus may become a general member. A payment of $100, or a multiple thereof, toward the endowment fund entitles an alumnus to be an endowment member, which carries life membership and a life subscription to the *Columbia Alumni News.*

The Federation sets in motion the machinery which places in nomination before the University Trustees the candidates for Alumni Trusteeship. The Alumni Trustees in office in 1937 are: Richard G. Babbage, '86L.; William B. Symmes, Jr., '98, '01L.; Francis Blossom, '91E.; Leon Fraser, '09, '13J., 13L., '14Ph.D.; Morton G. Bogue, '00; and Eugene H. Poole, '99P. and S.

The Federation maintains offices in Alumni House which serve as a clearing house for all alumni activities. It publishes the *Columbia Alumni News,* the official alumni publication, and is the headquarters of the Columbia Alumni Fund and of the local clubs.
